PROLOGUE

It means a lot to me to have these papers organized and ready to be microfilmed. They provide a good organizational frame for thinking about my life in the period 1943–1970. They constitute, in addition, an outline and preliminary description of my life for that period.

These papers begin with my birth, not surprisingly. If Mom had not kept the accurate and detailed notes that she did about my early years, those data would not exist. How fortunate I am that she did! There surely must be lots of people who have no detailed notes on their earliest years. It's an interesting experience, to be sure, to read about oneself as an infant and a very young child.

Throughout the 1,400 pages of these papers, there are original texts written by SRP. I have included all of my high school and college term papers and writing, including my master's thesis from George Washington University. Some of these texts and papers are very good; some of them are not so good. But they are all included.

My doctoral dissertation has not been included. That text, *The Renaissance and Cubist Conceptions of Space and Art in the Nineteenth-Century French Novel,* has already been microfilmed. It was microfilmed in 1974 by Xerox University Microfilms, Ann Arbor, Michigan. They own the original 35 millimeter microfilm, and copies of my dissertation can be purchased from them by any interested person. I have a copy of the microfilm; also a bound paper copy produced from the microfilm.

The end year for these papers is 1970. I chose that year because that was the year that I moved from Bloomington, Indiana to Oswego, New York. The move from Bloomington marked the end of my on-campus student days. At that point I had completed my formal academic training and passed my Ph.D. exams and accepted a position as a Visiting Assistant Professor of French in the State University of New York, College at Oswego. At that point, I was working on my doctoral dissertation, which I would complete and successfully defend four years later. On August 31, 1974, I was awarded my Ph.D. in French Literature from Indiana University.

The next group of personal papers that I will organize and have microfilmed will cover the period 1971–1981. My personal papers and journals from October 13, 1981 through 1998 have already been microfilmed.

Getting all these papers organized and microfilmed has given me a lot of pleasure. Having done so, I have the feeling of having been liberated from them and from the first 55 years of my life. In a peculiar sort of way, it's like writing your own obituary. At the same time, I am filled with the exhilarating feeling of starting over, of beginning again.

All of these papers are not, to be sure, the complete "me," but they're a good rough draft. Just how long these microfilms about SRP continue to exist is anybody's guess. My hope, of course, is that they continue to exist for a very long time after my death. I will do my best to get copies of these microfilms into the hands of the appropriate individuals and organizations. After that, there's nothing much that I can do.

When all is said and done, all of these papers about SRP constitute nothing more than a portrait of one person who was born in 1943 and who did his best to live an interesting and meaningful life.

Once again, Tennyson's *Ulysses* comes to mind. "I am a part of all that I have met; / Yet all experience is an arch wherethro' / Gleams that untravelled world, whose margin fades / For ever and for ever when I move. / How dull it is to pause, to make an end, / To rust unburnished, not to shine in use! / As tho; to breathe were life. . . / Come, my friends, / 'T is not too late to seek a newer world. / Push off, and sitting well in order smite / The sounding furrows; for my purpose holds / To sail beyond the sunset, and the baths / of all the western stars, until I die. . . / We are not now that strength which in old days / Moved earth and heaven, that which we are, we are: / One equal temper of heroic hearts, / Made weak by time and fate, but strong in will / To strive, to seek, to find, and not to yield."

I do not expect this but I wanted to tell you how grand it would be to have just half of what you now have rolled away somewhere in blankets and hungry as little bears. Two little personalities to love and to have love you and when a couple of years pass to say "I help Mama. I wipe the dee-shes, I wipe the cupe, I wipe the shaw-w-ers." Jimmy must be too spirited about them to care whether Santa Claus comes or not.

Dear Helen,

Ye Gods what a shock!! Did you say - "Let me see" before you would believe they were actually two boys? I'm sure I would have!

When Walter phoned and told me yesterday all I could think of - was some things you had told me - and how could you possibly have two!! I'm so thrilled Oh it - you have no idea - of course they should have been girls. but, we won't complain if they are half as sweet as those Brother Simons I'm anxious to see them. Walter said you got along okay - That seems a miracle to - with two of them!

Suzanne & I are getting along very nicely Just by ourselves Sometimes the nights are a bit long and lonesome, but we can take it and forget about it as soon as Dad comes home. We phoned last night so he got the news - and he was as "floored" as I was — He said the weather was beautiful down there and he couldn't believe it, was snowing and just right above Zero here!

Stay in bed and rest as long

as you can — I don't need to tell

Dear Helen

Ye Gods. What a shock!! Did you say "Let me see" before you would believe that were actually twin boys? I'm sure I would have!

When Walter phoned and told me yesterday all I could think of was something you had told me—and how could you possibly have two!! I'm so thrilled over it—you have no idea—of course they should have been girls—but, we won't complain if they are half as sweet as their brother Jimmy. I'm anxious to see you. Walter said you got along okay. That seems a miracle too with two of them!

Suzanne and I are getting along very nicely here by ourselves. Sometimes the nights are a bit long and lonesome, but we can take it and forget about it as soon as Seab comes home. He phoned last night so he got the news—and he was "flored" as I was. He said the weather was beautiful down there—and he couldn't believe it was snowing and just eight above zero here!

Stay in bed and rest as long as you can—I don't need to tell you how busy you are going to be. Now I wish more than ever that we lived a little closer.

Will try to get in to see you.

With love
Eloise]

Seab and Eloise Ross were very good friends of Mom and Dad. It was through Seab and Eloise that Mom and Dad met. Eloise was born a Hasbrouck, I think, from Clifford. I remember visiting the Ross family in a house in Scranton when we were quite young. They had several children and my brothers and I were supposed to play with them while our parents visited. As I recall, we didn't find the Ross children very interesting. Dad must have known Seabert Ross in Scranton, somehow. He invited Dad to attend a dance at the Dundaff Hotel. Seab must have been courting Eloise at the time; perhaps they were already married. Mom must have known Eloise through some of the Russells. Maybe Eloise's family were members of the "I Should Worry" club that the Russells belonged to. Whatever the case, members of the "I Should Worry" club (a social club) were attending a dance at the Dundaff Hotel. Mom and Eloise were there. Dad and Seabert Ross were there. Introductions were made. That's how Mom and Dad met.

Personal Papers, 1943-1970, of S. Robert Powell, Carbondale (Lackawanna County), PA

Organized and prepared for microfilming
in March 1999 by S. Robert Powell

Microfilmed by Microfilm Data Management Corp.,
Post Office Box 537, Wilkes-Barre, PA 18702.

PROLOGUE

It means a lot to me to have these papers organized and ready to be microfilmed. They provide a good organizational frame for thinking about my life in the period 1943–1970. They constitute, in addition, an outline and preliminary description of my life for that period.

These papers begin with my birth, not surprisingly. If Mom had not kept the accurate and detailed notes that she did about my early years, those data would not exist. How fortunate I am that she did! There surely must be lots of people who have no detailed notes on their earliest years. It's an interesting experience, to be sure, to read about oneself as an infant and a very young child.

Throughout the 1,400 pages of these papers, there are original texts written by SRP. I have included all of my high school and college term papers and writing, including my master's thesis from George Washington University. Some of these texts and papers are very good; some of them are not so good. But they are all included.

My doctoral dissertation has not been included. That text, *The Renaissance and Cubist Conceptions of Space and Art in the Nineteenth-Century French Novel,* has already been microfilmed. It was microfilmed in 1974 by Xerox University Microfilms, Ann Arbor, Michigan. They own the original 35 millimeter microfilm, and copies of my dissertation can be purchased from them by any interested person. I have a copy of the microfilm; also a bound paper copy produced from the microfilm.

The end year for these papers is 1970. I chose that year because that was the year that I moved from Bloomington, Indiana to Oswego, New York. The move from Bloomington marked the end of my on-campus student days. At that point I had completed my formal academic training and passed my Ph.D. exams and accepted a position as a Visiting Assistant Professor of French in the State University of New York, College at Oswego. At that point, I was working on my doctoral dissertation, which I would complete and successfully defend four years later. On August 31, 1974, I was awarded my Ph.D. in French Literature from Indiana University.

The next group of personal papers that I will organize and have microfilmed will cover the period 1971–1981. My personal papers and journals from October 13, 1981 through 1998 have already been microfilmed.

Getting all these papers organized and microfilmed has given me a lot of pleasure. Having done so, I have the feeling of having been liberated from them and from the first 55 years of my life. In a peculiar sort of way, it's like writing your own obituary. At the same time, I am filled with the exhilarating feeling of starting over, of beginning again.

All of these papers are not, to be sure, the complete "me," but they're a good rough draft. Just how long these microfilms about SRP continue to exist is anybody's guess. My hope, of course, is that they continue to exist for a very long time after my death. I will do my best to get copies of these microfilms into the hands of the appropriate individuals and organizations. After that, there's nothing much that I can do.

When all is said and done, all of these papers about SRP constitute nothing more than a portrait of one person who was born in 1943 and who did his best to live an interesting and meaningful life.

Once again, Tennyson's *Ulysses* comes to mind. "I am a part of all that I have met; / Yet all experience is an arch wherethro' / Gleams that untravelled world, whose margin fades / For ever and for ever when I move. / How dull it is to pause, to make an end, / To rust unburnished, not to shine in use! / As tho; to breathe were life. . . / Come, my friends, / 'T is not too late to seek a newer world. / Push off, and sitting well in order smite / The sounding furrows; for my purpose holds / To sail beyond the sunset, and the baths / of all the western stars, until I die. . . / We are not now that strength which in old days / Moved earth and heaven, that which we are, we are: / One equal temper of heroic hearts, / Made weak by time and fate, but strong in will / To strive, to seek, to find, and not to yield."

SILAS ROBERT POWELL (twin brother of Donald Walter Powell)

born: December 12, 1943 in General Hospital, Carbondale, Pa.
at 7:10 AM.

died:

The fee charged by Desmond M. Bailey for the delivery and circumcision of DWP and SRP was $60.00. The fee charged by the Carbondale General Hospital for "10 days maternity rate" was $50.00; $1.00 for medicines. On December 22, 1943, HLRP went home from the hospital and DWP and SRP remained in the hospital from December 22 to January 1. The fee for those 10 days for both DWP and SRP was $20.00.

Dear Helen and Walter,

Don't know as I can hold my pen steadily enough to write, as I am certainly greatly excited and filled with joy for you folks in having twin boys to call your own!

[From Aunt Edna, i.e. - mom's aunt

I wish you every fine
wish that could be wished
for their welfare and yours
in the long years ahead!
I hope you both are recovering
as well as can be expected
and that the babies are
doing nicely, and that you
will all be back home before
Christmas Day. I hope you

escaped having the flu,
Walter, and that by now you
are feeling top-as again.
Helen, if you feel
you cannot care for
more than one baby,
ship the other C. O. D. to
me, and I'll promise
to sell Judy and enter
my affection on "a bundle
from Heaven." Of course,

I do not expect this but I wanted to tell you how grand it would be to have just half - what you now have rolled away somewhere in blankets and hungry as little bears. Two little personalities to love and to have love you and when a couple of years pass to pay "I help Mama. I wipe the dee-shes,

I wipe the cups, I wipe the shaw-w-. ers." Jimmy must be too spoiled about them to care whether Santa Claus comes or not.

Here's my love and best wishes again to a twice happy new mother.

Dear Helen

Ye Gods. What a shock!! Did you say "Let me see" before you would believe that were actually twin boys? I'm sure I would have!

When Walter phoned and told me yesterday all I could think of was something you had told me—and how could you possibly have two!! I'm so thrilled over it—you have no idea—of course they should have been girls—but, we won't complain if they are half as sweet as their brother Jimmy. I'm anxious to see you. Walter said you got along okay. That seems a miracle too with two of them!

Suzanne and I are getting along very nicely here by ourselves. Sometimes the nights are a bit long and lonesome, but we can take it and forget about it as soon as Seab comes home. He phoned last night so he got the news—and he was "flored" as I was. He said the weather was beautiful down there—and he couldn't believe it was snowing and just eight above zero here!

Stay in bed and rest as long as you can—I don't need to tell you how busy you are going to be. Now I wish more than ever that we lived a little closer.

Will try to get in to see you.

With love
Eloise]

Seab and Eloise Ross were very good friends of Mom and Dad. It was through Seab and Eloise that Mom and Dad met. Eloise was born a Hasbrouck, I think, from Clifford. I remember visiting the Ross family in a house in Scranton when we were quite young. They had several children and my brothers and I were supposed to play with them while our parents visited. As I recall, we didn't find the Ross children very interesting. Dad must have known Seabert Ross in Scranton, somehow. He invited Dad to attend a dance at the Dundaff Hotel. Seab must have been courting Eloise at the time; perhaps they were already married. Mom must have known Eloise through some of the Russells. Maybe Eloise's family were members of the "I Should Worry" club that the Russells belonged to. Whatever the case, members of the "I Should Worry" club (a social club) were attending a dance at the Dundaff Hotel. Mom and Eloise were there. Dad and Seabert Ross were there. Introductions were made. That's how Mom and Dad met.

Mathematics of Multiple Births

The quadruplets which were born to Nora Carpenter in England once more focus attention on multiple births. In this country there are seven sets of known quadruplets, and of these one set—the Keys sisters—are now full-grown young women. One of the English "quads" died. The Dionne quintuplets are unique because they all survived. Multiple births are most likely to occur in women between the ages of 35 and 40.

The chance of giving birth to more than one child has been calculated. According to the generally accepted rule, the chance of a mother's having twins is 1 in 80. Square the 80 (6,400) and we have the ratio of triplets to ordinary births. Cube the 80 and it follows that quadruplets will appear once in 512,000 births.

A few years ago Dr. W. W. Greulich arrived at a different formula, one that is more trustworthy. He studied 500,000 births and found that twins occur once in every 87 times. Square 87 and we have 7,569 for triplets. Cube 87 and it follows that quadruplets appear once in 700,000 births. The discrepancy for quadruplets between the standard formula and Greulich's is marked.

Identical and Non-Identical

This department does not know whether or not Nora Carpenter's quadruplets were identicals. Identical twins may be regarded as one person in two bodies. They are always of the same sex, they always resemble each other so closely that their own parents often find it hard to tell them apart, and they always feel and think alike when they are brought up in the same environment. Something happened before birth. The explanation is that a single egg split apart and the splitting occurred before there was a chance for differentiation to set in—that is, a chance for hair, hands and other organs to develop.

Sometimes twins are born which do not look alike. They may even be of different sex. These are not identicals at all—just ordinary brothers and sisters. In such cases two different eggs have been fertilized, whereas in the case of identicals there is only one fertilization followed by splitting.

Egg Is Divided

So it is with quadruplets. They may or may not be identicals. The only known identical quadruplets are the Morlok girls, who were born in Michigan. Of the Keys girls, two are identical twins and the other two just ordinary sisters.

In the case of the Morloks an egg must have split into four parts, each of which developed separately. Possibly after a first split there was another.

In the case of the Kaspars we have identical triplet boys and a girl, all born on the same day. So with the Bladgets of Texas, with three identical triplet girls and one boy.

In a third class of quadruplets fall those cases in which two sets of identicals are born. Such a set of quadruplets was born in Germany in 1927, much to the astonishment of biologists. Lastly, we have four complete babies who develop from four fertilized eggs, but they are not identicals.

Five and seven pounds. I don't want to sound pricey - but to me it seems like an act of God. If you know what I mean. It's certainly a marvelous Christmas present for you. I can't get over it! All day I've been sayin "two boys!" - What-dare Jimmy-boys! - What dare they! What are you going to name them? We can't wait to get home on leave to see your two new boys and Jimmy - and of course, the rest of the family - Guess we will be home on the 12th of Jan. Certainly glad to know you are all feelin' well and hope it will always be that way. Love to you all -

Note by SRP, 03-23-99: About 20 years ago, Mom said to me: "At one point, we thought we were going to loose you." I wonder if this temperature record is associated with the illness that almost resulted in my death as an infant/child? Mom's note in the upper right corner reads: "To bed Sun. nite 22nd broke out Tues." This fever record sounds like it might have been mumps or chicken pox or some such childhood disease. Were such childhood diseases sometimes fatal? I don't really know.

A Little Child in the Midst

To the Parents of the Cradle Roll Baby

We are very happy that your baby is a part of our Church school and therefore, a part of our Church. This is one of the babies that will grow up as a part of the Church and never know what it is to have a feeling of being outside.

We hope that this certificate of enrollment will become the symbol of a very real relationship between the baby and the Church.

It is in the years of babyhood, before Baby's world widens beyond the circle of the home, that the attitude toward Church and the Christian Life will be determined. The idea of God formed in these early years will decide to a large extent what God will mean to the growing life.

To the father and mother is given the privilege of making the opportunity.

"That the feeble hands and helpless,
Groping blindly in the darkness,
Touch God's right hand in that darkness
And are lifted up and strengthened."

No greater privilege can come to the Church school than to be permitted to help in carrying out this sacred trust.

When the Cradle Roll babies are old enough to come to Church school, a happy little group awaits them and the beginnings of Christian fellowship are made. Even before that time arrives, there will be special occasions when Baby will be invited to be present at our gatherings.

The Christian Church has learned from its leader to place the little child in the midst and in His name, it receives your little one.

"Jesus called a little child unto him, and set him in the midst of them." *Matthew 18:2.*

Child Uninjured In Auto Accident

Robert Powell, 8, Carbondale, RD 1, escaped injury last night when struck by an automobile on Cottage St., Carbondale.

Police Sgt. John J. Monahan said the car which struck the boy was operated by James J. Brown, Lees Crossing. The child had been visiting relatives in the vicinity when the accident occurred.

Note: SRP was crossing the street from Maude Smith's house to Irene Filer's house.

Miraculously, I wasn't hurt very badly. I can remember the day as clearly as yesterday.

Directions for Spiritual Growth

ADD to your faith virtue; and to virtue knowledge; and to knowledge temperance; and to temperance patience and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity. *II Peter 1:5-7.*

Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. *Philippians 4:8.*

Warn them that are unruly, comfort the feebleminded, support the weak, be patient toward all men. See that none render evil for evil unto any man, but ever follow that which is good, both among yourselves and to all men. Rejoice evermore. Pray without ceasing. In every thing give thanks: for this is the will of God in Christ Jesus concerning you Quench not the Spirit Despise not prophesyings. Prove all things; hold fast that which is good. Abstain from all appearance of evil.

1 Thessalonians 5:14-22.

My Church and I

MY Church is the place where the word of God is preached, the power of God is felt, the Spirit of God is manifested, the love of God is revealed, and the Unity of God is perceived.

It is the home of my soul, the altar of my devotion, the hearth of my faith, the center of my affections and the foretaste of heaven.

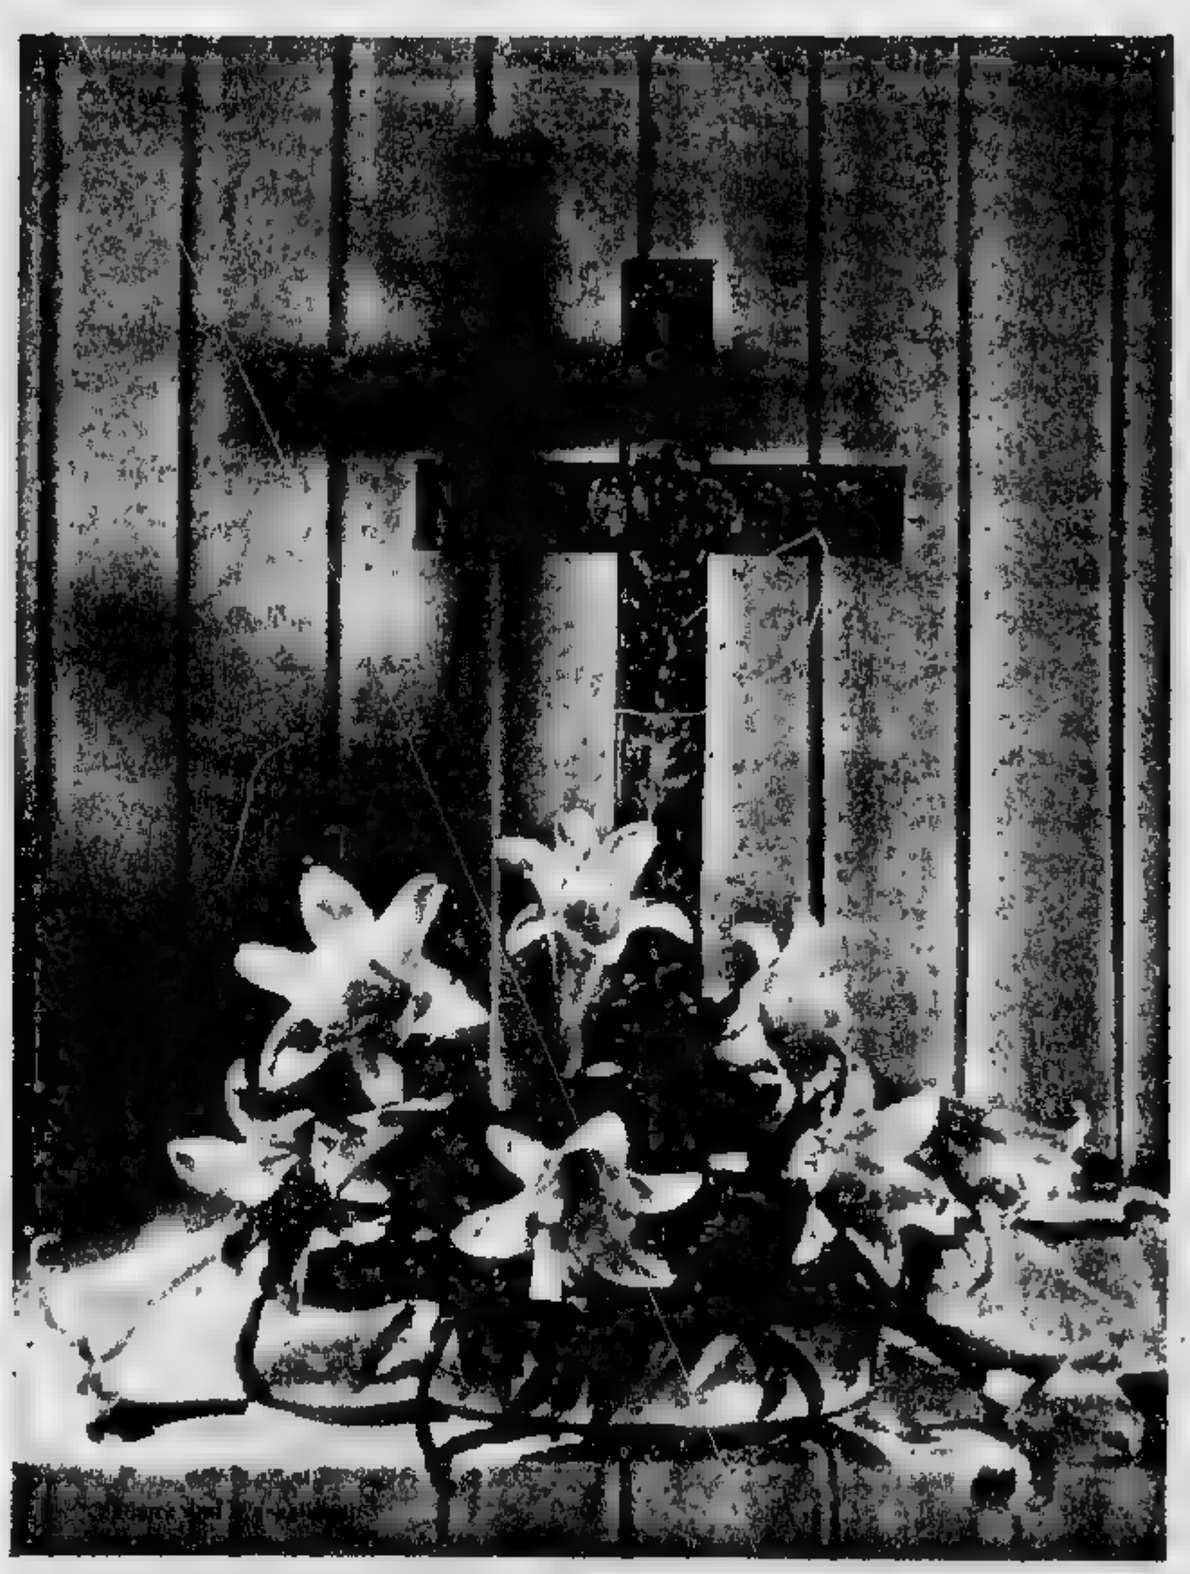

I have united with it in solemn covenant, pledging myself to attend its services, to pray for its members, to give to its support and to obey its laws.

It claims the first place in my heart, the highest place in my mind, the principal place in my activities, and its unity, peace and progress concern my life in this world and that which is to come.

I owe it my zeal, my benevolence and my prayers. When I neglect its services, I injure its good name, I lessen its power, I discourage its members and I chill my own soul.

I have solemnly promised, in the sight of God and men, to advance its interests by my faithful attendance, by reading the Holy Bible, by never neglecting its ordinances, by contributing to its support, by meeting with its fellow members, by watching over their welfare, and by joining with them in prayer and praise and service; and that promise I this day renew, before God my Father, Christ my Redeemer, and the Holy Spirit my Sanctifier.

THE CARBONDALE NEWS, Wednesday, April 21, 1982, p. 13

OBITUARIES

CHRISTINA, Miss Rose, late of 295 Dundaff Street, Carbondale, died Sunday, April 11, at St. Joseph's Hospital, Carbondale, after an illness.

Born in Vandling, daughter of the late Joseph and Rose Toolan Christina, she resided in this area her entire life and was a member of St. Rose Church, Carbondale, and its societies. She was a teacher with the Fell Township School District until retirement a few years ago.

Survivors are a sister, Mrs. Francis Rickard, Scranton; several nieces and nephews.

The funeral was Wednesday, April 14, from the James J. Reilly Funeral Homes, 62 North Main Street, Carbondale.

Miss Christina was a very nice lady. We all liked her a lot.

Note by SRP, 03-23-99: About 20 years ago, Mom said to me. "At one point, we thought we were going to loose you." I wonder if this temperature record is associated with the illness that almost resulted in my death as an infant/child? Mom's note in the upper right corner reads: "To bed Sun. nite 22nd broke out Tues." This fever record sounds like it might have been mumps or chicken pox or some such childhood disease. Were such childhood diseases sometimes fatal? I don't really know.

A Little Child in the Midst

To the Parents of the Cradle Roll Baby

WE are very happy that your baby is a part of our Church school and therefore, a part of our Church. This is one of the babies that will grow up as a part of the Church and never know what it is to have a feeling of being outside.

We hope that this certificate of enrollment will become the symbol of a very real relationship between the baby and the Church.

It is in the years of babyhood, before Baby's world widens beyond the circle of the home, that the attitude toward Church and the Christian Life will be determined. The idea of God formed in these early years will decide to a large extent what God will mean to the growing life.

To the father and mother is given the privilege of making the opportunity.

"That the feeble hands and helpless,
Groping blindly in the darkness,
Touch God's right hand in that darkness
And are lifted up and strengthened."

No greater privilege can come to the Church school than to be permitted to help in carrying out this sacred trust.

When the Cradle Roll babies are old enough to come to Church school, a happy little group awaits them and the beginnings of Christian fellowship are made. Even before that time arrives, there will be special occasions when Baby will be invited to be present at our gatherings.

The Christian Church has learned from its leader to place the little child in the midst and in His name, it receives your little one.

"Jesus called a little child unto him, and set him in the midst of them." *Matthew 18:2.*

RALLY DAY

Suffer little children to come unto me. ***Luke*** **18:16**

Jesus Friend of little children, be
a friend to me;
Take my hand and ever keep me
close to Thee.
Teach me how to grow in good-
ness daily as I grow;
Thou hast been a child and
surely Thou dost know.

Child Uninjured In Auto Accident

Robert Powell, 8, Carbondale, RD 1, escaped injury last night when struck by an automobile on Cottage St., Carbondale.

Police Sgt. John J. Monahan said the car which struck the boy was operated by James J. Brown, Lees Crossing. The child had been visiting relatives in the vicinity when the accident occurred.

Note: SRP was crossing the street from Maude Smith's house to Irene Filer's house.

Miraculously, I wasn't hurt very badly. I can remember the day as clearly as yesterday.

Directions for Spiritual Growth

ADD to your faith virtue; and to virtue knowledge; and to knowledge temperance; and to temperance patience and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity. *II Peter 1:5-7.*

Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things. *Philippians 4:8.*

Warn them that are unruly, comfort the feebleminded, support the weak, be patient toward all men. See that none render evil for evil unto any man, but ever follow that which is good, both among yourselves and to all men. Rejoice evermore. Pray without ceasing. In every thing give thanks: for this is the will of God in Christ Jesus concerning you. Quench not the Spirit. Despise not prophesyings. Prove all things; hold fast that which is good. Abstain from all appearance of evil.

I Thessalonians 5:14-22.

My Church and I

MY Church is the place where the word of God is preached, the power of God is felt, the Spirit of God is manifested, the love of God is revealed, and the Unity of God is perceived.

It is the home of my soul, the altar of my devotion, the hearth of my faith, the center of my affections and the foretaste of heaven.

I have united with it in solemn covenant, pledging myself to attend its services, to pray for its members, to give to its support and to obey its laws.

It claims the first place in my heart, the highest place in my mind, the principal place in my activities, and its unity, peace and progress concern my life in this world and that which is to come.

I owe it my zeal, my benevolence and my prayers. When I neglect its services, I injure its good name, I lessen its power, I discourage its members and chill my own soul.

I have solemnly promised, in the sight of God and men, to advance its interests by my faithful attendance, by reading the Holy Bible, by never neglecting its ordinances, by contributing to its support, by meeting with its fellow members, by watching over their welfare, and by joining with them in prayer and praise and service; and that promise I this day renew, before God my Father, Christ my Redeemer, and the Holy Spirit my Sanctifier.

OBITUARIES

CHRISTINA, Miss Rose, late of 295 Dundaff Street, Carbondale, died Sunday, April 11, at St. Joseph's Hospital, Carbondale, after an illness.

Born in Vandling, daughter of the late Joseph and Rose Toolan Christina, she resided in this area her entire life and was a member of St. Rose Church, Carbondale, and its societies. She was a teacher with the Fell Township School District until retirement a few years ago.

Survivors are a sister, Mrs. Francis Ruckard, Scranton; several nieces and nephews.

The funeral was Wednesday, April 14, from the James J. Reilly Funeral Homes, 62 North Main Street, Carbondale.

Miss Christina was a very nice lady. We all liked her a lot.

EDITORIAL

As the sparkling wheel of winter turns, it brings ever closer the twenty-fifth day of December. It would be just another day with cold sky and white earth, if Christianity had not chosen it for Christmas, though divinely inspired, is man made. It is the creation of countless ardent and reverent hearts throughout the ages.

Centuries ago men made this day, out of 365 possible days, his birthday. There were no records to tell them the exact date the Prince of Peace had come into the world. But the appropriate time to celebrate seemed to be during the winter when, after the longest night of the year, the sun once more rises early. Long ago men held festivals at this time, so the fathers of the Church proclaimed this date the Birthday of the Light of the World. And, therefore, Christmas was born.

Christmas is a time which should make you realize how much you have. It is a time for giving, it is a time to make merry with your family and friends, a time to make peace with yourself and put your faith into the best hope of mankind, Him whose birth we celebrate. It is a time to praise him in the manner similar to that of the heavenly hosts who, nearly two thousand years ago, sang

"Glory to God in the higest and on earth peace to men of good will."

I SPEAK FOR DEMOCRACY

by

Robert J. Galavitz

In this world are many people; some constructive, some destructive; some corrigible, some incorrigible. There are laborers and leaders, scientists and philosopners, artists, and mechanics, poets and prosaics, mathematicians and supposers. Some live in poverty, others in luxury. Some people believe in dictatorship, others in the many different forms of goverment existing in this world today. There are over two billion, four hundred million people in the world at present; among these I firmly stand. I am an American and I speak for Democracy.

Rejecting comfort at the price of submission, sailing away from home acroos a stern, remote, unchartered sea, our forefathers came to America united in a common cause, and planted the first seed of our present democracy.

From this tiny seed grew many roots, each with its own name, the first root was the Plymouth colony, another, the House of Burgesses. Other roots were, the New England Confederation, Freedom of Press and the First Continental Congress. This young tree pushed its way upward--the American Revolution forming its trunk. Reaching for the sun, this trunk divided into a double trunk, one side called the Declaration of Independence and the other, the Constition of the United States. From these two trunks grew many far-extending branches. Among the better known are, the First Congress, the Bill of Rights, the System of United States Courts, and the Monroe Doctrine. The very top branch was called, "Old Glory". From these branches grew the most important twigs that ever grew in any nation. Among the hundreds are: George Washington, John Adams, Thomas Jefferson, Robert Morris, Jane Addams, Abraham Lincoln, Theodore Roosevelt, Herbert Hoover, Andrew Carnegie, and an incredible number more. The leaves of this tree were all given one broad title, The People of the United States of America. These leaves, twigs, branches, and roots, all corbined, formed the Tree of Democracy.

This tree was planted over three centuries ago. It is still growing, bearing fruit, and giving seeds to grow in every corner of the world.

Democracy lives on in every little school boy and girl; in the workers of a factory, laboring harmoniously together to form a finished product for the world to use. Each knowing that he has the right to work and get paid for it and to leave the job and seek another if he so pleases. Democracy bounds forward in our American schools, in the business world, in a man or woman in a military field, proud to be there, proud to show he is a good American, proud to serve his country for the good of his fellow man.

Democracy grows in the people of a community, each person living there is influenced by the surroundings and events of the other people. If a disaster occurs; flood, fire, unemployment, or epidemic, everyone suffers together. Common sufferings create bonds. If prosperity comes, all share in it to some extent.

Democracy finds its cornerstone in Matthew, chapter 7, verse 12; "All things whatsoever ye would that men should do to you, do ye even so to them."

The United States is the greatest experiment in government ever undertaken. Europe predicted that Democracy would prove to be the greatest failure known, but step by step, through a century and a half, its record has been one of unsurpassed accomplishments.

Democracy is the American way of life; the term is taken from the Greek word, Demos, meaning, "the people." Democracy promotes the welfare of the people; it respects civil and religious rights; it provides equal education and opportunity to all, regardless of race or creed. Democracy equips people to govern themselves, it promotes interests for common good, and conditions which aid all the people.

This is MY way of living; I would accept NO substitute to the ORIGINAL. This is Democracy---and this is why I SPEAK FOR DEMOCRACY.

LIBRARY

Every year, with the publication of many new books, our library at Fell High continues to grow.

In September our library was consisted of 1105 volumes. But as of December 9, it had increaded to 1308 volumes. We owe this success to the people of our community. Among those who donated were: Student Activity, Mr. Werwinski, Powell Fund, V.F.W., P.T.A., Mr. Bambas, Mr. Franks, Miss Lavin, and others.

Our library consists of books not only of fact, fiction, prose, and history, but also of periodical magazines such as: Sporting News, Readers' Digest, Geographic Magazine, Steel Wages and other periodicals.

Here is a list of a few volumes of books donated last semester:

BOOK REPORT

Title--Silver Blades
Author--Sarah Louise Barret
Characters:
Holly Ingalls
Bill Cooke
Jon Ingalls
Marjorie Bond
Janet Gleason

Silver Blades is the story of a seventeen year old girl who is a Senior in High School. She is an average student and very interested in skating. Her ambition is to become a professional skater but her parents wish her to go to college. Complications set in and she is forced to make a decision.

This is a very interesting and forceful story. It teaches a person to think about an occupation before he decides to make it his life's profession.

THE CHRISTMAS BRIDGE

Christmas is the bridge between the 24th and the 26th of December. It's one day long. . .only 1440 minutes. . . .and so high and wide that everybody in this grand country can cross it.

Christmas is a covered bridge. . .for on this one day you will be at home . . .at home with your friends and dear ones . . your memories and your plans for the . . future.

Christmas is a bridge of friendship and good-will. On this bridge between the homes of friends there is gaiety, joy, and happiness.
Christmas is a bridge that makes us smile and say kind words. . .things that cost so little and mean so much. To you. . . wherever you may be a MERRY CHRISTMAS and a. . .

HAPPY NEW YEAR

YOU'LL BE HOME FOR CHRISTMAS

Your home at Christmas time will be like a castle . . . .bounded on the north by the thrilling tales about Santa Claus. . on the east by the citadels of confidence and opportunity to make new friends . . on the south by the warm feeling and good-will of the people you work with . . and on the west by the memories of many Christmases gone by.

Your home at Christmas time will be so filled with shining lights, spirited songs, sounds and smells . . . a Christmas tree grown in the forest of mirth and, under the tree, gifts chosen by friends and wrapped with tenderness and care . . . .a spirit of Christmas that overflows and appears in the . MERRY CHRISTMAS WISHES of all the folks you meet.

Yes . . .no matter how busy you may be . or how high the snow may be piled beside the highway . . . . you'll be home for Christmas . . .and so to you. . . all of you everywhere, a MERRY CHRISTMAS and a

It just wouldn't seem like Christmas....

...if skinny Santa Claus were not stuffed with pillows and seen in every other store or on every other corner!

...if youngsters didn't go on their good behavior and "pretend" they still believe long after they were tipped-off by some kids at school!

...if tiny tots were not shouting in glee at the sight of candy canes and toys and making merry noises!

...if holly wreaths were not seen on every door and mistletoe wasn't used to tantalize young boys and old boys who won't admit it — or act it!

...if church bells didn't peal zestfully their message of Peace On Earth, Good Will To Men!

...if we didn't take the time to get in touch with folks like you to extend the Season's Greetings!

No, it wouldn't seem like Christmas, if these things should disappear. But we're lucky, 'cause we've got 'em all to bring us yuletide cheer.

May you and your loved ones enjoy the holly-days and a Happy New Year filled with all the good things you want most in life.

HER PRAYER ANSWERED

A six-year-eld discovered a doll in her stocking. But she wasn't very happy about it and informed her mother:"I prayed for ten dolls."

"I guess," said mother, "God didn't answer your prayer."

The youngster thought about this for a moment and then replied: "Oh, yes, He did answer my prayer. He said no!"

We're peeking thru' keyholes
And sneaking down halls;
Just to get the latest gossip
For all you guys and dolls.

We hear that Marion L. is excitedly making plans for the Candlelight Ball. Some girls have all the luck!....Tootsie R. never walks home from games by herself anymore. A certain junior boy is always seen in her company.....A cute Sophomore couple at the Athletic Dance was Cheater S. and Carol P. It seems to us that the cheerleaders and basketball players are co-operating.....Sidney W. has many admirers from out-of-state; here's a list of the towns: Syracuse , New York; Sydney, New York; and Clifton, New Jersey. But we won't include a list of the girls, we want you to guess Sid.

The Senior High gals and guys aren't the only ones in clouds these days. Have you noticed some of our Junior High kids? For instance, Teddy W. and Helen Costello or Chick T. and Beverly W..... Knock! Knock! Whose there? Someone to see Diane Wallace. Do you know who we mean, Diane? If you don't, its J.S..... Trudy D. had a strange liking gor uniforms, especially Marine uniforms..... We always see Rosalie D., Carol L., and Margie F. going for walks. Is fresh air and exercise the reason for the walks???

We all had fun at Teen Town, mostly on Halloween and Sadie Hawkins Day, when there was music by the Jubileers. Among the other interesting attractions were the freeze dance, the multiplications dance, and watching the 7th and 8th grade kids doing their versions of the new jitterbug steps. Teen Town will resume on December 28th.....Mary Staron likes to watch basketball games, and one particular basketball player.....One Two, Three. That's the number for me. The last is the best. Mary Ann Rusnak confessed. And we know why.....

We hear that Maryanne Newfrock has a secret admirer who calls her up very frequently. Let us in on the big secret. Rosie S. who works in Jenny's enjoys her job serving pizza. Is it the work or the scenery.....Arlene J. seems to like the name of Steve especially if he's from Thompson.....Hey! You, Freshman, where are you keeping yourselves these days, we never see you around. Come out of your hiding places and enjoy the fun.... We hear that Helen Caviston has her eyes (both of them) on a certain Sophomore basketball player named Cheater..... In gym, why does Arlene S. always pick number 15? Is it the number or the person who wore the suit last year?.....

We're very gossipy
But we like to predict;
Here's some items
We'd like to submit.

We predict that:

Joann T. and Tommy F. will be one of the couples at the prom.

Francey Lesniewski will drive that new Buick before long.

The Tarris twins will find twin gid friends to suit their fancies.

The Jubileers, Fell's contribution to the musical world, will become just as famous as Bill Haley.

Margie N. will keep receiving those letters from Alaska.

Mike Garbera, the noisest boy in 7th grade, will settle down in his senior year.

Edward Marcavage will get "Nuthin" for Christmas because "He ain't Been Nuthin But Bad."

Mr. Burns will give all his Steno students 100 on their repott cards as Christmas presents.

And so we bring an end to the Gossip and the Predictions of Gossip. We have written this with no intention of hurting anyone's feelings. It was all said in fun and all in school spirit.

Regina Sladicka, Evelyn Rupp, Joanne Tokarczyk and Carol Powell.

Coach Washeleski is beginning his 9th season at the helm. He has won 5 league pennants in 8 years and has participated in PIAA playoffs 6 times. Last year's squad considered the best he has produced was eliminated Fountain Hill in the Eastern Finals at Allentown, after winning 22 connsecutive games.

This year's squad averages 6 feet in height, with Harry Kutch being the tallest at 6'5", Mike Wallace at 6'3", Abo Yelovich at 6'1", and Bill Sofko at 6'. The team will sport new red and white jerseys.

RULE CHANGES

The PIAA announced the following rule changes:

1. No individual player may freeze the ball for 5 seconds without making an attempt to shoot.
2. The 1 and 1 foul rule will hold throughout the game unless a player is fouled intentionally. He is then awarded 2 free throws.
3. The referee may inspect players' equipment before the game.

The Northern Basketball League opens Jan. 3 with Fell at Benton, the league's newest member making it a 10-team league. Benton is coached by Tom Notchick, former Fell cager.

The schedule for FELL games this season is as follows:

Did you know that:

Trudy Dovin just received her driver's license a few weeks ago.

A group of Seniors including Mike, Gene, Jim, Bill and Andy are included in a new hat fad.

J. Borosky has become quite a lady's man lately.

P. Ritzenak's heart is in Connecticut.

A. Jubinski always sits by the telephone waiting for a certain caller.

M. Bedrin writes to a certain Hal.

M. Loyack enjoys Teen Town.

J. Ednock has the mailman quite busy. She sure gets enough letters.

J.W. is getting a Christmas present in the form of an Air Force man.

S.M. is always making trips to Elk Lake.

S.K. has quite a few female admirers.

PREDICATIONS

J. Bednarczyk will become the star attraction on the Dodge Program.

J. Sladicka will someday manage a movie theater.

In the near future J. Wilk will become a second Steve Wilson.

That someday all Seniors of the class of 1956 will make their dreams come true.

JUNIOR NEWS HUB

Why is Vicky Penska always coming to school late? Better tell him to bring you home earlier.

J. Koropchick has a way with the girls! How about letting us all in on your secret?

Ronnie Muta really enjoys the Carbondale Teen Town. Is it because of a certain Rosie?????

Believe it or not! Bob Burdo says that a house jumped into his way and dented his car as he backed out of a Forest City backstreet.

Where can you find better pals than Lil Pintar and Ann Marie Ziemba?

***

On behalf of the Junior Class, we would like to take the time to extend our best wishes to Thomas Slick, who, in the near future will enter the army. Sorry to see you go, Tom!

Sophomores

We would like to congratulate our sophmore basketball players: Robert Rupp, Jack Danchak, Edmund Stungis, Bill Payne, Chester Stungis, Gene Willchock, Leonard Boguski, and John Sladicka. We wish you a lot of luck in the future,

We would also like to congratulare Carol Powell, our new cheerleader.

Dear Santa,

We've been good girls and boys all year long,
We've obeyed our teachers and done nothing wrong.
So now our gift list we'll unfold,
We hope your reindeer can carry the load!
Please bring patience to our teachers
Make them love us sophomore creatures.
Next fill the library with comic books,
Let the Home Ec Class turn out some good cooks.
Open a snack-bar in study hall,
And a record player in shop please install.
And oh, an indoor swimming pool in the gym
Also for the girls a reducing course on
"How to Stay Slim."
Oh, and that's not all---I'm not through,
'Cause look Santa, what's ahead of you.
What Arline S. would really like,
Is a basketball player named Mike.
And in W. Roskoski's sock,
Please!!!---one alarm clock.
A warehouse for Cary's clothes
She could use one as everyone knows.
Next black denim trousers and motorcycle boots for
Chuck Willchock who'd appreciate nothing more.
Not an interview with MGM for our boy, Chester S.
Don't forget, Santa, he'll accept nothing less.
For Dorothy Danko and Ann Marie P.---two bikes
To shorten their frequent Carbondale hikes.
Stilts would suit Jackie D. just fine,
Why, he'd like them about 6'9".
A cruise to the Caribbean Lorraine would enjoy,
There she'd be sure to find a certain sailor boy.
Please!!! Move B. Payne's home down to Fell,
'Cause when his hitch-hiking thumb will fail, we can't tell.
Let Al C. know he makes someone's heart flip-flop
Also let him know she's Mary Ann Drop.
Bring a whole load of broken radios to Melvin B.
Let him prove what a good mechanic he can be.
One bottle of liniment---don't forget,
'Cause E. Curyk's aching feet sure fret.
A pair of oars Mooney Rupp could use,
No, not for fishin'---we mean for his shoes.
Something Mary Ann H. would really adore,
Is a pillow for skating cause that's an awful hard floor.
Oh, and to our team please bring fame,
Let us be victorious in every game.
And to out sophomore group please open your heart,
Bring some brains, make us smart.
That just about completes the list,
Please include anyone we missed.
We all love you, Santa dear,
THANK YOU-----MERRY CHRISTMAS AND HAPPY NEW YEAR!

The Girls of Room 21

We are the girls of Room 21;
We are happy and full of fun.
We'll give our names row by row,
All of us I'm sure you'll know.
First comes Mary, the head of the class.
Next comes Peggy, who's sure to pass,
Up steps Janet, who's easy to please,
A popular girl is Louise.
Rosalie loves to sing and dance.
Lorraine you'll like; just at a glance
Late never wears a frown,
Carol will never turn you down,
Rose Marie is full of fun.
Margie is liked by everyone.
Dorothy always does things right,
Delores is a girl who's always polite
Last comes Kayrene, a friendly lass,
We are proud of our Freshman class.
In this school our years slip by,
In the greatest of schools,
"DEAR FELL HIGH".

The Fish

the FEAST

Do We Still Crucify?

Oh, gentle people of Christian Faith,
You, who cannot tolerate
The common cruelty,
Which deals with humans so brutally,
Yourselves are not entirely free
From causing pain to humanity.
Consider how many years its been
Since you desired to crucify Him.
Yet still today, as in days gone by,
You act so proud and do deny
Your unkind actions are the same
As crucifying Christ again!
Stop! think! and you'll realize
What you're doing isn't wise.
For every time we critize,
The sword digs sharper in His side!
And every time we tell a lie,
A part of Him is sure to die!
Or ever time we hurt someone
By careless word, or lack of one,
The Thorns around His Head are bound
Tighter than all chains so worn
By all those subject to Human scorn!
Only to loosened when He gains
The love of one who hated Satin!
Then you will never want "to don
The unkind robe of Human Scorn."
Now will you wish the death of Him
Who helps us all to live again.
For you will finally know in heart
Even though you do your part,
It will only be in vain
If you crucify Him, again and again!

"Forgive them Father for they know not what they do." These inspiring words were uttered by a man who suffered the agony of a crucifixion. He died and was buried, the third day he arose from the dead to proclaim to the world that He was God.

How far distant are we in comparison to this man? He possessed everything—humbleness, chastity, greatness, supremacy, charity, and all the other attributes of divinity!

We are a people of vanity only concerned most of the time with the material prospects of life, not the spiritual. How much we love to accumulate power and wealth, and how little we accumulate good deeds.

So in acquiring an education, let us include this spiritual lesson so we may be obedient, gentle, kind, and courteous as well as intellectual. In this Easter season let us replace our vanity and pride with courage and strength. Yes, for all these a man must possess, to truly face up to life, his creator and himself.

POETRY

SPRING TOUCH

It started on a March day
And lasted till the end of May.
Buds were opening on all the trees
While pollen was swept by the morning breeze.
The meadows were humming with the sound of bees
And squirrels were scampering through the trees.
All alone in the clear blue sky,
Birds were soaring swift and high.
There in the fields just below,
Silently standing were a herd of doe.
No man can ever create this sight,
But with spring's help, Nature might

FIRST FLOWER

After the snow had melted,
And the leaves are off it's bed
The little crow shows it's head,
And Nature has just a while ago
Frozen its leaves and roots in snow.

THE EASTER BUNNY

On Easter Day at early dawn,
Just before the rooster's crowing
A little white rabbit was slowly going,
Scattering eggs on every lawn.
In this little basket the eggs lay
Cushioned on fresh smelling hay.
There were eggs of every hue--
Eggs of red, gold, and blue.
After he had finished with his task
He hopped out of sight over the grass.

EASTER EGGS

It was said that after the storm
And in the sunlight of early morn,
A hen had left his nest
And dew was set upon its crest,
As the sun rays were beating down,
They showed a brilliance all over town,
Two little children were near this way
And took the eggs away.
They put them in an Easter Basket,
And had them on this Easter Day.

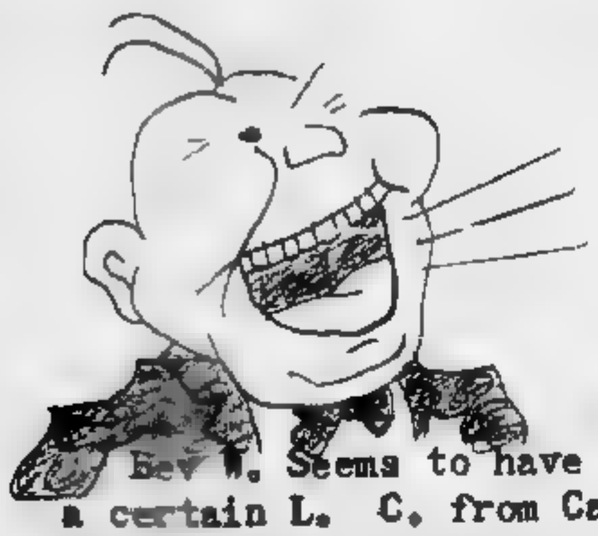

The Legend of the Dogwood

At the time of the Crucifixion the dogwood attained the size of the oak and other forest trees. So Strong and firm was the wood that it was chosen as the timber for the Cross.

To be used for such cruel purpose greatly distressed the tree, and Jesus, nailed upon it, sensed this. In His gentle pity for all sorrow, He said to it: "Because of your regret and pity for My suffering, I make you this promise: Never again shall the dogwood tree grow large enough to be used for a cross. Henceforth it shall be slender and shall be bent in the form of a cross."

"And in the center of the outer edge of each petal there will be a nail's print. And in the center of the flower, brown with rust and stained with blood, will be a crown of thorns, so that all who see it will remember it was upon a dogwood tree that I was crucified. And this tree shall not be mutilated nor destroyed, but cherished and protected as a reminder of My agony and death upon the Cross."

So reads the Easter Legend of the Dogwood Tree.

Gossip

Bev W. Seems to have some interest in a certain L. C. from Carbondale. They're seen together frequently in the Red Top they make a cute couple, doesn't everyone think so???

I have reason to believe that Louise B. has her eye on Pojo F. Am I right, Louise????

Having a special interest in Diane Wallace is none other than Jake R. I guess you gave up on Vera, huh, Jake???

The school romance between Beans L. and Helen C.is still going strong. Is it never going to end!!!

Another love affair, this one between a Fellster and a Forester, seems to be going on forever. Right Rosalie????

Attention Butch Obzud!!!!! From a recent poll taken in our school, we have elected you "scorekeeper of the year." Congratulations!!! By the way----when are you going to pass out the cigars??

Seen together in the Red Top nowadays are Joan H. and Paul, her new discovery. Don't tell me-------another Forester.

A freshman by the name of Gerri F. thinks that a junior from Carbondale is quite cute. Don't Fret, Gerri, maybe Joe Sweeney thinks your cute, too?

Ruth Coskio's main interest is still in Butch from Ben Franklin. Why don't you bring him sometimes to the Red Top? Don't worry Ruth, we won't steal him!!

A cute junior, Andy V, is certainly making a hit with the girls. Among them is Patsy Repella. Her eyes open wide when his name is mentioned. Could this lead to something????

When Pat McHale's name is mentioned, Lorraine WHITELAVICH is anxious to know what's being said. I guess he's still your heart-throb, eh, Lorraine???

Barbara Gallick thinks that one of her classmates is just grand. Of course I mean SHMAY S.

Mary Ann Rusnak has had a crush on Walt R. for quite some time. Come on, Walt, give her a break already!!

Eddy U. has a great interest in a cute sophomore. Don't worry Eddy I won't tell anybody that it's Mickey Waurin.

Judy B again has both eyes on a certain junior. It's Mockers, Judy, isn't it?

A favorite word of George Kulick's is " wow." Could this be meant for Carol Powell most of thetime?????

A new interest in Carol Califut's life is Barry S. Tell us some more about him, Carol. Don't keep him all to yourself.

Two freshmen who haven't been in the new lately are Claudia H. and Patricia Y. Come on kids, let us know what's going on!

Elaine Y.still wishes she lived in Jermyn. The reason????? Bobby of course!

Why does Frankie S. give the Powell girls a ride to school???? Is his interest in Gerri or Carol?? Make up your mind, Frank!

Excuse me but aren't you one of the Senior boys?

No--it's just that I couldn't find my belt this morning, I didn't have any razor blades, and a car just splashed me.

Danny, "Why are you eating with your knife?"

Joe, "My fork leaks."

"Melvin, Melvin!"
"What, Ma?"
"Are you spitting in the fish bowl?"
"No, Ma, but I'm getting pretty close."

Mrs. Washeleski: "Lorraine, don't you have an alarm clock?"

Lorraine: "Yes, but it went off while I was asleep."

Hobs: He was kicked out for cheating.

Slats: How come?

Hobs: They caught him counting his ribs in a Health exam.

Tilt: Don't let your mind wander.

Squirrely: Why not?

Tilt: It's too weak to be out alone.

Unidentified Teacher: There's a young man in the room making a fool of himself. When he's finished I'll start.

Little girl: But I'm not hungary, honest, Mommy, I just got finished eating the raisins off the fly paper.

Mike: Why do you sing in the shower?

Steve: The door doesn't have a lock.

How do you get rid of these awful cooties?

That's easy. Take a bath in sand and rub down in alcohol. The cooties get drunk and kill each other throwing rocks.

Mother: Sonny, don't use such bad words.

Son: Shakespeare used them.

Mother: Well, don't play with him, find yourself some new friends!

Marion: I like mathematics when it isn't over my head.

Dorothy: That's just the way I feel about pigeons.

Two mosquitos were resting on Robinson Crusoe's arm. I'm leaving, said one, I'll meet you on Friday.

Mr. Tarris: If I laid two eggs here and three over there, how many would there be all together?

Billy: Ten to one says you can't do it.

Jack: Do you think I'm stuck up?

Cary: No, why?

Jack: People as good looking as I am usually are.

So, your brother is a painter, eh?
Yep.
Paints houses, I presume?
Nope, paints men and women.
Oh, I see. He's an artist.
Nope, just paints women on one door and men on the other.

They went for a ride and all she did was shake her head. After 63 miles she told him her nose was caught in the windshield wiper.

One of the airlines made it a practice to give its passengers sticks of gum labelled: To prevent unpleasant pressure during take-offs and landings.

On one trip, an elderly woman plaintively appealed to the stewardess:

"Help me get this stuff out of my ears. It hasn't done me a bit of good."

Old Lady: Are you a little boy or a little girl?

Child: Sure. What the heck else could I be?

You look broken up. What's the matter?
I wrote home for money for a study lamp.
So what?
They sent the lamp.

The policy provides indemnity to each person who holds a membership certificate issued by the Club and to whom a certificate of insurance has been issued by the Club in accordance with the terms of the policy, against loss resulting directly and independently of all other causes from accidental bodily injuries sustained during the period stated in the certificate of insurance in the following manner (herein called "such injuries"):

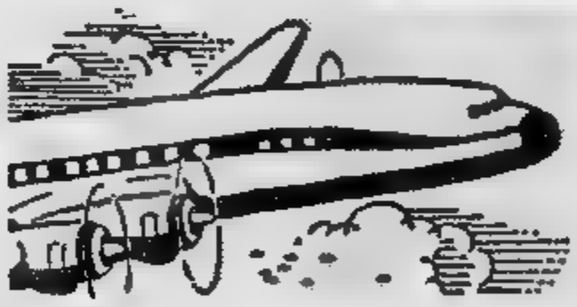

Private and Public Automobiles	(A) While driving or riding in or upon, or by the explosion or burning of an automobile (including trucks, taxicabs, busses); or
Trains and Streetcars	(B) While riding as a passenger in any steam railroad passenger car (including such cars drawn by electric, gasoline or diesel locomotives), electric interurban, elevated, subway or street railway passenger car; or
Aircraft	(C) While riding as a fare-paying passenger in an aircraft operated by a passenger airline on a regularly scheduled passenger trip over its established route; or
Pedestrian	(D) By being struck or run over by an automobile.
Steamship	(E) While riding as a fare-paying passenger in or on a passenger vessel or steamship operated by a common carrier for passenger service.

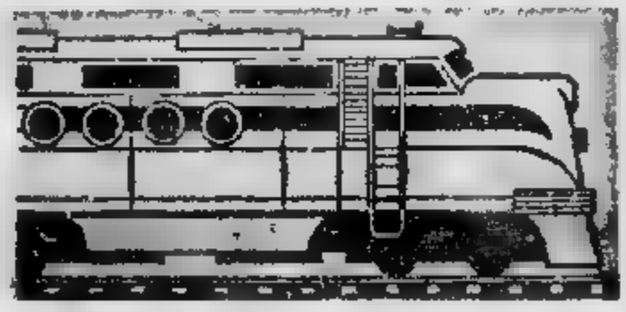

To the extent, and subject to the terms and provisions hereinafter stated.

A. & H. 4193—Ed. 8-58 PRINTED IN U.S.A.

The indemnity provided by the policy is as follows:

255

PART V. INDEMNITY FOR LOSS OF LIFE, LIMB OR SIGHT

If such injuries shall, within ninety days from the date of accident, result directly and independently of all other causes in one of the losses enumerated in this Part, the Company will pay the amount set opposite such loss; but only one of the amounts so specified (the largest applicable) will be paid on account of one accident.

For loss of

Life	The Principal Sum
Both Hands	The Principal Sum
Both Feet	The Principal Sum
Sight of Both Eyes	The Principal Sum
One Hand and One Foot	The Principal Sum
One Hand	One-half The Principal Sum
One Foot	One-half The Principal Sum
Sight of One Eye	One-half The Principal Sum

Loss shall mean with regard to hands and feet, dismemberment by severance through or above the wrist or ankle joints; with regard to eyes, entire and irrecoverable loss of sight.

Upon the occurrence of any of the losses enumerated in this Part A, all insurance provided by the policy, except as respects such loss, shall immediately cease in respect of the insured suffering such loss.

ACCUMULATIONS. For each consecutive year that a certificate of insurance shall continue in force after the first year, 10% shall be added to the principal sum until 70% has been so added. If a certificate, without any lapse in the insurance, replaces a like policy or certificate issued to the insured by the Company, the accumulations shall be determined from the initial date of the insured's coverage in the Company, but in no case shall the total amount of accumulations be in excess of 70%.

PART B. WEEKLY INDEMNITY

If such injuries shall not result in any of the losses named in Part A, but directly and independently of all other causes, shall, within twenty days from date of accident, continuously and totally disable the insured from performing every duty pertaining to his or her usual business or occupation and shall require medical or surgical attention, the Company will pay weekly indemnity at the rate hereinbefore specified for the period of such continuous total disability not exceeding 15 consecutive weeks.

PART C. HOSPITAL INDEMNITY

If such injuries, directly and independently of all other causes, shall confine the insured to a hospital, the Company will pay the insured, on account of any one accident, the actual expense of such hospital service as follows:

(1) for hospital room, an amount not exceeding $8.00 per day for a period not exceeding twenty-one days;
(2) for use of operating room, an amount not exceeding $10.00;
(3) for anaesthetic administration, an amount not exceeding $10.00.

256

EXCEPTIONS

The insurance provided by the policy does not cover: (1) carbon monoxide poisoning; (2) injuries, fatal or non-fatal, sustained directly or indirectly (a) through firearms, (b) use of intoxicants, (c) while testing on track, racing, or in speed contests, (d) while cranking, repairing, adjusting, or overhauling any automobile, or (e) while loading or unloading a truck; (3) suicide or attempt thereat (sane or insane).

[illegible]

1. Termination of an insured's membership in the Club shall, without further action on the part of the Club or the Company, terminate the insurance provided under the policy in respect of that insured.

2. The policy may be cancelled by either the Club or the Company at any time by giving sixty (60) days written notice by mail. Such cancellation shall take effect on the date specified in said notice.

3. In the event of the cancellation of the policy the Company will continue in force any certificate of insurance issued under the terms of the policy prior to the effective date of such cancellation and in force on that date, for the balance of the insured's year of membership unexpired at the time of said cancellation.

The insurance evidenced by the certificate is subject to the following provisions of the policy:

PROVISIONS

No agent has the authority to change the policy or to waive any of its provisions. No change in the policy shall be valid unless approved by an executive officer of the Company and such approval be endorsed hereon.

Written proof of loss must be furnished to the Company in case of claim for loss of time from disability within ninety days after the termination of the period for which the Company is liable, and in the case of claim for any other loss, within ninety days after the date of such loss. Failure to furnish such proof within such time shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to furnish such proof, and that such proof was furnished as soon as was reasonably possible.

The Company shall have the right and opportunity to examine the person of the insured when and so often as it may reasonably require during the pendency of claim hereunder, and also the right and opportunity to make an autopsy in case of death where it is not forbidden by law.

All indemnities provided in the policy for loss other than that of time on account of disability will be paid immediately after receipt of due proof. Upon request of the insured and subject to due proof of loss all accrued indemnity for loss of time on account of disability will be paid at the expiration of each thirty (30) days during the continuance of the period for which the Company is liable, and any balance remaining unpaid at the termination of such period will be paid immediately upon receipt of due proof.

Indemnity for loss of life of the insured is payable to the beneficiary named in the certificate of insurance issued to the insured, if surviving the insured, and otherwise to the estate of the insured. All other indemnities of the policy are payable to the insured.

Consent of the beneficiary shall not be requisite to any surrender or assignment under the policy, or to change of beneficiary, or to any other changes in the policy.

No action at law or in equity shall be brought to recover on the policy prior to the expiration of sixty days after proof of loss has been filed in accordance with the requirements of the policy, nor shall such action be brought at all unless brought within two years from the expiration of the time within which proof of loss is required by the policy.

No change of beneficiary shall be binding upon the Company unless and until written notice thereof is filed with the Company at its Home Office.

If any time limitation of the policy with respect to giving of notice, furnishing proofs or bringing an action at law or in equity, is less than that permitted by the law of the state in which the insured resides at the time the policy is issued, such limitation is hereby extended to agree with the minimum period permitted by such law.

Only one certificate of insurance of the Company issued to a member of the Club shall be valid.

IMPORTANT

This certificate is a continuous form and will remain in force so long as your membership in the Club is maintained and the policy is continued.

KEEP IT IN A SAFE PLACE

Renewal will not be issued each year but is automatic upon payment of annual dues.

Notice of Amendment Increasing the Amount of Accumulations Permitted under Blanket Accident Policy No. SG-444 issued by Maryland Casualty Company to Lackawanna Motor Club of Scranton, Pennsylvania—and now standing in the Name of AAA Motor Club of Northeastern Pennsylvania—the Club Resulting from the Merger of Lackawanna Motor Club and Pocono Mountains Motor Club of Stroudsburg, Pennsylvania.

Effective as to each Automobile and Travel Accident Certificate outstanding and in force on October 31, 1960, (hereinafter referred to as the Control Date), under said Blanket Accident Policy, if and as the person named in said Certificate as the Insured effects renewal in the AAA Motor Club of Northeastern Pennsylvania of his Lackawanna Motor Club membership upon the first renewal date applicable thereto subsequent to the Control Date, the said certificate is revised in accordance with the Amendment which has been made in respect of said Blanket Accident Policy as follows:

The maximum accumulation which may be added under provision captioned—Accumulations—is increased from 70% over a period of 7 years to 100% over a period of 10 years.

The number of consecutive years accrued under any such Certificate up to the date of any such renewal shall be counted toward the new maximum accumulation.

Subject in all other respects to the terms, conditions, exceptions and provisions of the said Blanket Accident Policy as set forth in the said Automobile and Travel Accident Certificate.

This notice forms a part of the said Automobile and Travel Accident Certificate and is to be attached thereto.

Editorial

A WORD TO THE WISE

Perhaps this article won't seem much like Christmas to you, but after reading it, you will begin to think very deeply about the wonderful Christmas present you can give to yourself.

The story is about three horsemen who were riding across the desert at night. As they came to a dry river bed, a mysterious voice called, "H.. !" They were told to get down, pick up some pebbles and put them in their pockets, and then climb back into the saddle. All this they did, whereupon the voice said, "You have don as commanded. Tomorrow at sunup yo will be both glad and sorry." Puzzle they rode on, but with the dawn th y took out the pebbles for a look. Miraculously, every one of them had turned into a precious gem: a diamond, ruby, emerald, or pearl, and then they remembered the warning, "You'l be both glad and sorry." For they were l d, they had taken some. Sorry, th t they hadn't taken more.

And that to me is the story of education.

Later when you get out in the world, you will find yourself in a situation like these horsemen. Glad you had completed high school, even if you hadn't worked hard when you were there; and sorry, that you hadn't taken more. If we students only realized how important our education is to us, what a wonderful Christmas present it would be to ourselves.

Moral: Take all you can get while you can get it.

Donald Powell

THE FIRST CHRISTMAS

LUKE 2: 1-14

At that time there went out a decree from Ceasar Augustus, that the whole world should be enrolled. This enrolling was first made by Cyrinus, the governor of Syria. And all went to be enrolled, every one into his own city. And Joseph also went up from Galilee out of the city of Nazareth, into Judea to the city of David, which is called Bethlehem: because he was of the house and family of David, to be enrolled with Mary his espoused wife, who was with child.

And it came to pass, that when they were there, her days were accomplished that she should be delivered. And she brought forth her first-born Son and wrapped Him up in swaddling clothes, and laid Him in a manger: because there was no room for them in the inn.

And there were in the same country shepherds watching and keeping the night-watches over their flock. And behold an angel of the Lord stood by them and the brightness of God shone round about them, and they feared with great fear. And the angel said to them: Fear not; for behold I bring you good tidings of great joy, that shall be to all the people; for this day is born to you a Saviour, who is Christ the Lord, in the city of David. And this shall be a sign unto you: you shall find the infant wrapped in swaddling clothes, and laid in a manger.

And suddenly, there was with the angel a multitude of the heavenly army, praising God, and saying: Glory to God in the highest, and on earth peace to men of good will.

VOICE OF DEMOCRACY

On November 20, 19oC, the Voice of Democracy contest was held in the gymnasium. Charlotte Amorebello's speech was chosen as best by the panel of judges. The other finalists were: Eileen Petrilak, Robert Powell, Joseph Hoiditch, and Edward Dovin.

P.S.S.C. PHYSICS

Students in the acedemic course, as well as anyone in our school, should be proud of our science department. This year the physics course was completely revised and the new course, P.S.S.C. physics, is being taught This course is in line with the many new advancements being made in the sciences.

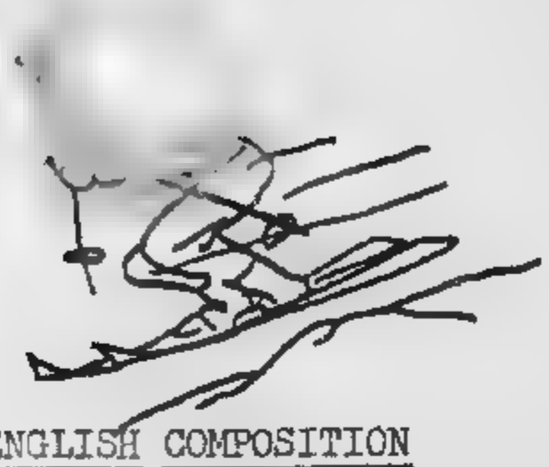

MATHEMATICS CONTEST

The annual mathematics contest sponsored by the Actuarial Society of America will be given in our school on March 9. This year, as last year, there will be a number of Juniors and Seniors participating in the nationwide contest. A medal will be given to the highest ranking contestant.

CALIFORNIA BATTERY TEST

Because of the ever increasing demand for more standardized tests, our school has given the California Battery Test to the entire Junior and Senior classes. This test will compare the juniors and seniors with the other juniors and seniors throughout the state as well as the nation.

ENGLISH COMPOSITION

Spurred on by the ever increasing demand for better oral and written expression, our school has started a special composition class. The class is under the direction of Mrs. Washeleski. This class is strictly voluntary, no one is required to attend and no credit or grades are given. It meets from 8 to 8:35 each Monday, Wednesday, and Friday. All interested pupils are urged to attend.

REVISION IN MATHEMATICS

Several changes have been made in the mathematics curriculm. Algebra I will now be taught in the eighth grade, Algebra II in the ninth grade, Plane Geometry in the tenth grade, and Solid Geometry and Trigonometry in the 11th grade. The senior course in mathematics includes elements of the calculus, mathematical analysis, and analytical geometry. Of course, these changes are still in the transitional stages and will not be in smooth working order for several years.

PHYSICS CONTEST

The Central Pennsylvania section, American Association of Physics teachers will give its first annual competitive test in physics on February 11, 1961. Several of our students plan to enter this contest and compete for scholarships at various universities. Further information may be obtained from Mr. Tarris.

Threat of Communism

Fell High was especially lucky to have a distinguished man speak to us on Friday afternoon, December 9. Mr. Gaydosh, a prominent business man and civic leader, gave an excellent talk on the ever growing threat of Communism. He also brought with him a movie of the student riots in San Francisco over the abolishment of the House Un-American Activities Committee.

Scholastic Aptitude

This year, as every year, the College Entrance Board examines those students who are college bound. The Scholastic Aptitude Test is devised to give the colleges a general idea of what the student will be capable of doing in college. This test was given at Marywood on Saturday morning, December 3. Six of our students had taken the test. The remainder of the college bound students will take their test in January or March.

The writing sample examination was also given on Saturday, December 3. This test is a written essay on an unsigned topic. It gives the colleges a general idea of the student's ability to write a good composition. It is not required by some colleges, but most colleges require it as a prerequisite for admission.

Betty Crocker

On December 6, 1960, the senior girls, the future homemakers of America, were given the Betty Crocker test, emphasizing the basic principals of cooking and homemaking.

Scholarship Test

The University of Scranto will give a test in January to those students interested in attending the university. Since the test is opened to anyone who wishes to take it, it would be advisable to take this test to determine how much you really know and to compare you with the other students through the county and the state.

P.S.A.T. Test

The Preliminary Scholastic Aptitude Test was given several weeks ago to all juniors and seniors who are going to college. This test is similar to the college board tests given in December, January, and March. It gives you an idea of how you will do in college and how you rank among the other students throughout the country. Last week these scores came back from the Princeton testing bureau and we now know how we rank among the other students throughout the nation.

G O S S I P

Why is it Jerry Slick can be seen looking for a ride to Forest City every night? The secret is out Jerry--we all know its Lorraine.

Bernie Vanisky and Freddie Berish must have a special interest in St. Rose visiting McCawley's so often. Who is it, guys?

Cheryl Kutch finds an attraction to Teen Town quite often. Could it be Mitch she's after?

Franci Terpak has an interest in the Freshman Class. We won't tell anyone Franci but his initials are J.T.

Red hair is one characteristic that Barbara Roskoski likes. It wouldn't be because of Joe Brennen, would it???

A real cute couple still seen around the school is Carole and Joe. We all hope it lasts.

What is the concern of Pete Petorak and Basil Mosher for the sophomore class? Could it be Laura? Let us in on it kins.

Helen Lupyak seems to be in a daze. Can it be because of the attraction in the Junior Class?

Matti Pintar can always be seen at the lunch counter at noon. Take your pick Matti--you can't have them both!

It came our way that some of the Freshman girls can't keep their mind on their studies. Amelia Washeleski always has her mind on Richie--Joyce Davis CONCENTRATES on Joe Clause. Kay Davis day dreams of Dave Chapman and Evelyn Swinarski finds herself seeking Jerry Slick in the study halls.

How come Patsy Repella dosen't have time for extra curricular activities this year? It is because Dennis is taking up all her spare time, isn't it?

Wanda Propeack seems to enjoy going to Carbondale. Can she by any chance, looking for Donny C.? He'll pop up sometime, Wanda.

We see the initial "B" on Kitty De Brocco's clothes quite often. It stands for Billy Galavitz------right Kitty?

Judy Prawdzik enjoys going to Teen Town on Monday Nights. Is it Richie or Jerry--let us in on your secret.

Ann Marie Scalese seems to enjoy going to Forest City Teen Town with Carol Dovin. Can Cricket and Jackie be the reason? Just a small warning Ann Marie---there may be complications from Carbondale.

Patti Franks feels the heat of her heart rise when she hears the name of Billy Harris. Your secret is out Patti.

Claudia H. and Elaine Y. have certain interests as away from Fell of course, we all know that Jimmy and Donny have a lot to do with it. Right???

Clara Roskosky---why don't you make up your mind about which one you want. Is it Rock, Billy F. Jimmy or Bobby B.? Don't play hard to get and give someone a chance.

It seems that Billy Butwill is up in a daze now. It's still Joann S., huh, Bill?

Gerri Powell when are you going to make up your mind and settle down to one boyfriend?

Laura L. and Karen O. are seen quite frequently in the Carbondale area. We know it isn't the walk so it must be Charlie and Bobby Brown, right girls.

We all know that Pattie Zurins and Joe Pecko are still hitting it off pretty well. Lets hope it lasts kins.

Bernie Roskoski seems to be attracted to the St. Rose girls. Diane must be the reason for it, right Bernie?

Humor

Mr. Propeack: Why is a Model-T like a school?

THE LIBRARY

The books in our library, or in any library, are there for the enjoyment and the information of everyone. To get the full benefit of the books, all the pages must be in good condition.

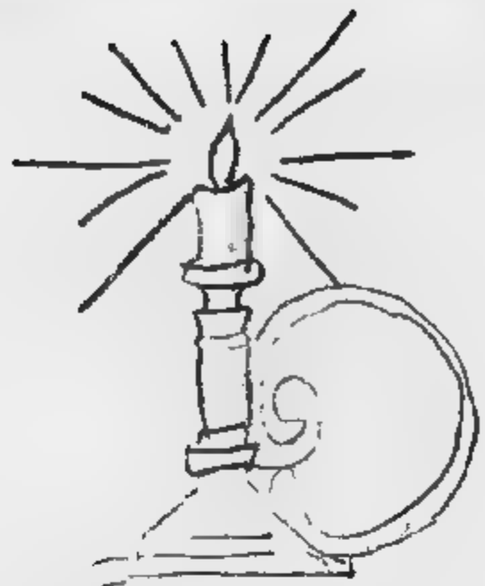

Some very good reference books in our library have been defaced. When a book is defaced, it deprives someone of information that may be necessary for their studies. Students don't realize when they are defacing a book that something is being taken from someone else.

Please use the utmost care when you are using the books in the library so that when someone else goes to use that particular book, all the pages will be in perfect condition. If everyone is careful in the library, we will all be able to secure the information we desire rapidly and without any trouble.

NUMBER OF VOLUMES

The library in the old high school contained 2,248 volumes, compared to the 2,059 volumes that we have as of June 10, 1960. We would be very grateful to any one who wishes to donate books to our library.

USING THE LIBRARY

You can learn many things for yourself if you can use the library tools properly. The most useful tool is the alphabetically arranged card catalog, which lists every book the library owns just as an index lists the contents of a book. Each book is usually represented in the catalog by at least three cards: one for the book's title, one for the name of the author, and one for the subject with which the book deals.

On each card you will see a number, which helps you to find the book. In a big library you may have to copy the number with the book's author and title on a slip of paper and wait for a few minutes while the librarian sends someone to find the book for you. If you need to ask the librarian to explain anything about the library they will be glad to answer your questions.

A library is one of the most important steps in acquiring a good education. We can obtain a great deal of information by making a frequent visit to the library and remember the type of book you read has an important influence on your personality.

JUNIOR GOSSIP

What's this I hear? Donnie V. likes Gerri Wilk. You two would make a cute couple.

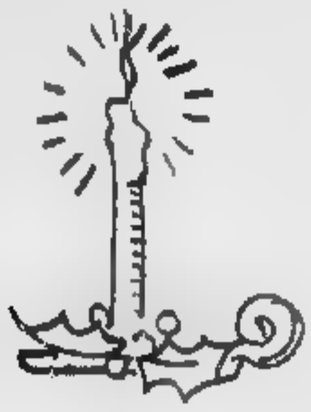

Barbara Roskosky seems to look to the future without happiness. We know it's because Uncle Sam will be taking Joe B. away.

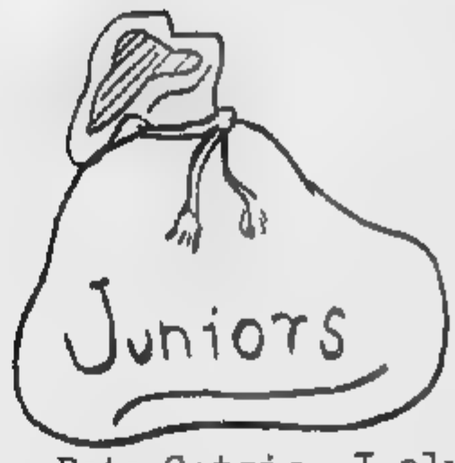

Susan L. seems to like someone but I can't seem to find out who. Don't be so secretive, Sue.

Richie S. always talks about a certain girl from camp. Who is she, Richie?

Eddie Dovin, I don't see you around much. Could it be because P.M. has caught your eyes?

Marianne V., your hand must sure get tired writing those letters. Who's so interesting in the Air Force?

Pete Getzie, I always see you riding in a car but no girls come along. Do you hold a grudge against girls?

QUESTION & ANSWER BOX

Q. Who is the classmate that seems to have caught Eugene Zaverl's eye?
A. It must be Eileen Petrilak.

Q. Who is Patti Wallace's main interest?
A. No one definite.

Q. What is the name of the guy Cindy Gordon likes from Carbondale?
A. Looks like Ozark is still on top, right Cindy?

Q. Does Bernie Roskoski still like a certain Diane from Carbondale?
A. Suppose you tell us, Bernie.

Q. Why does Jimmy Plevyak like study hall so much?
A. It must be those eighth grade girls, right Jim?

Q. I wonder why Patti Zurine, Nicki Kost, and Billy Butwell like the senior class so much?
A. It must be Joe P., Betty L., and Joann S.

Q. Could it be that Pattie Repella likes a certain Donnie?
A. Must be, she is always talking about him.

Q. Why does Raymond Sofko go up to Forest City so often?
A. R.B. seems to be the main reason.

GOSSIP

Bobby Jurble: Why do we always see you down at the bowling alley in Carbondale on Sunday? Are you trying to make a strike with a certain Lois T?

Frances Sladicka: How about letting us in on some of your extra curricular activities. We know some eight and ninth grade girls who are interested.

We heard that three of our sophomore girls had a private tour through Isgers Dairy. Did you have fun girls and did you like the guide?

Our only sophomore girl going steady is Carol Philback. Glad to see you are still in a daze over Jimmy B.

How about a little information on Mike Bernarsky. He can't spend all his free time playing basketball, can he?

We guess Karen Obzud will be spending most of her time around the house with Laura L., Clara R., and Bernadine P., at least as soon as her brother opens his basement for business. Good luck girls.

A warning to Sophomores,
Don't get caught napping
If you don't want it published,
Don't let it happen.

Laura Levin and Karen resolve to get the news for the Easter Fellow in before June 1.

NEW YEAR'S RESOLUTIONS

New Year's is coming soon and with it also comes a will to do better. Resolutions are made by many and followed through by few.

Shirley Berish resolves to stop being quiet around boys. They don't bite -----we should know.

Jerry Decknick resolves to meet a certain eighth grade girl more often whenever he walks by her house.

Mike Bernarsky resolves to have fun, fun, in Biology, if and when we disect frogs.

Clara Roskoski resolves not to make any mistakes in typing---well, maybe not so many mistakes.

John Sopko, Bobby Jurble, and Fran Sladicka resolve not to talk in English Class anymore-----Not much anyway.

Richie Dragwa resolves not to take after all his brothers.

Bernadine P. and Carol Philback resolve to always answer Mr. Werwinski's questions promptly.

John Petak resolves not to have his seat changed in English Class anymore.

Mike Zrowka and John Davis resolve to actually enjoy history.

Sandra Prawdzik resolves to enjoy herself more in art.

Joe Fendrock resolves to keep after a certain Donna from Carbondale.

EDITORIAL

As the sparkling wheel of winter turns, it brings ever closer the twenty-fifth day of December. It would be just another day with cold sky and white earth, if Christianity had not chosen it for Christmas, though divinely inspired, is man made. It is the creation of countless ardent and reverent hearts throughout the ages.

Centuries ago men made this day, out of 365 possible days, his birthday. There were no records to tell them the exact date the Prince of Peace had come into the world. But the appropriate time to celebrate seemed to be during the winter when, after the longest night of the year, the sun once more rises early. Long ago men held festivals at this time, so the fathers of the Church proclaimed this date the Birthday of the Light of the World. And, therefore, Christmas was born.

Christmas is a time which should make you realize how much you have. It is a time for giving, it is a time to make merry with your family and friends, a time to make peace with yourself and put your faith into the best hope of mankind, Him whose birth we celebrate. It is a time to praise him in the manner similar to that of the heavenly hosts who, nearly two thousand years ago, sang

"Glory to God in the higest and on earth peace to men of good will."

I SPEAK FOR DEMOCRACY

by

Robert J. Gilbertz

In this world are many people; some constructive, some destructive; some corrigible, some incorrigible. There are laborers and leaders, scientists and philosophers, artists, and mechanics, poets and prosaics, mathematicians and suppposers. Some live in poverty, others in luxury. Some people believe in dictatorship, others in the many different forms of government existing in this world today. There are over two billion, four hundred million people in the world at present; among these I firmly stand. I am an American and I speak for Democracy.

Rejecting comfort at the price of submission, sailing away from home across a stern, remote, uncharted sea, our forefathers came to America united in a common cause, and planted the first seed of our present democracy.

From this tiny seed grew many roots, each with its own name, the first root was the Plymouth colony, another, the House of Burgesses. Other roots were, the New England Confederation, Freedom of Press and the First Continental Congress. This young tree pushed its way upward--the American Revolution forming its trunk. Reaching for the sun, this trunk divided into a double trunk, one side called the Declaration of Independence and the other, the Constitution of the United States. From these two trunks grew many far-extending branches. Among the better known are, the First Congress, the Bill of Rights, the System of United States Courts, and the Monroe Doctrine. The very top branch was called, "Old Glory". From these branches grew the most important twigs that ever grew in any nation. Among the hundreds are: George Washington, John Adams, Thomas Jefferson, Robert Morris, Jane Addams, Abraham Lincoln, Theodore Roosevelt, Herbert Hoover, Andrew Carnegie, and an incredible number more. The leaves of this tree were all given one broad title, The People of the United States of America. These leaves, twigs, branches, and roots, all combined, formed the Tree of Democracy.

This tree was planted over three centuries ago. It is still growing, bearing fruit, and giving seeds to grow in every corner of the world.

Democracy lives on in every little school boy and girl; in the workers of a factory, laboring harmoniously together to form a finished product for the world to use. Each knowing that he has the right to work and get paid for it and to leave the job and seek another if he so pleases. Democracy bounds forward in our American schools, in the business world, in man or woman in military field, proud to be there, proud to show he is a good American, proud to serve his country for the good of his fellow man.

Democracy grows in the people of a community, each person living there is influenced by the surroundings and events of the other people. If a disaster occurs; flood, fire, unemployment, or epidemic, everyone suffers together. Common sufferings create bonds. If prosperity comes, all share in it to some extent.

Democracy finds its cornerstone in Matthew, chapter 7, verse 12; "All things whatsoever ye would that men should do to you, do ye even so to them."

The United States is the greatest experiment in government ever undertaken. Europe predicted that Democracy would prove to be the greatest failure known, but step by step, through a century and a half, its record has been one of unsurpassed accomplishments.

Democracy is the American way of life; the term is taken from the Greek word, Demos, meaning, "the people." Democracy protects the welfare of the people; it respects civil and religious rights; it provides equal education and opportunity to all, regardless of race or creed. Democracy equips people to govern themselves, it promotes interests for common good, and conditions which aid all the people.

This is MY way of living; I would accept NO substitute to the ORIGINAL. This is Democracy——and this is why I SPEAK FOR DEMOCRACY.

LIBRARY

Every yea., with the publication of many new books, our library at Fell High continues to grow.

In September our library was consisted of 1105 volumes. But as of December 9, it had increaded to 1308 volumes. We owe this success to the people of our community. Among those who donated were: Student Activity, Mr. Werwinski, Powell Fund, V.F.W., P.T.A., Mr. Bambas, Mr. Franks, Miss Lavin, and others.

Our library consists of books not only of fact, fiction, prose, and history, but also of periodical magazines such as: Sporting News, Readers' Digest, Geographic Magazine, Steel Ages and other periodicals.

Silver Blades is the story of a seventeen year old girl who is a Senior in High School. She is an average student and very interested in skating. Her ambition is to become a professional skater but her parents wish her to go to college. Complications set in and she is forced to make a decision.

This is a very interesting and forceful story. It teaches a person to think about an occupation before he decides to make it his life's profession.

THE CHRISTMAS BRIDGE

Christmas is the bridge between the 24th and the 26th of December. It's one day long. . .only 1440 minutes. . . .and so high and wide that everybody in this grand country can cross it.

Christmas is a covered bridge. . .for on this one day you will be at home . . .at home with your friends and dear ones . . your memories and your plans for the . . future.

Christmas is a bridge of friendship and good-will. On this bridge between the homes of friends there is gaiety, joy, and happiness.
Christmas is a bridge that makes us smile and say kind words. . .things that cost so little and mean so much. To you. . . wherever you may be a MERRY CHRISTMAS and a. . .

HAPPY NEW YEAR

YOU'LL BE HOME FOR CHRISTMAS

Your home at Christmas time will be like a castle . . . .bounded on the north by the thrilling tales about Santa Claus. . on the east by the citadels of confidence and opportunity to make new friends . . on the south by the warm feeling and good-will of the people you work with . . and on the west by the memories of many Christmases gone by.

Your home at Christmas time will be so filled with shining lights, spirited songs, sounds and smells . . . a Christmas tree grown in the forest of mirth and, under the tree, gifts chosen by friends and wrapped with tenderness and care . . . .a spirit of Christmas that overflows and appears in the . MERRY CHRISTMAS WISHES of all the folks you meet.

Yes . . .no matter how busy you may be . or how high the snow may be piled beside the highway . . . . you'll be home for Christmas . . .and so to you. . . all of you everywhere, a MERRY CHRISTMAS and a

HAPPY NEW YEAR

■

It just wouldn't seem like Christmas....

...if skinny Santa Claus were not stuffed with pillows and seen in every other store or on every other corner!

...if youngsters didn't go on their good behavior and "pretend" they still believe long after they were tipped-off by some kids at school!

...if tiny tots were not shouting in glee at the sight of candy canes and toys and making merry noises!

...if holly wreaths were not seen on every door and mistletoe wasn't used to tantalize young boys and old boys who won't admit it — or act it!

...if church bells didn't peal zestfully their message of Peace On Earth, Good Will To Men!

...if we didn't take the time to get in touch with folks like you to extend the Season's Greetings!

No, it wouldn't seem like Christmas, if these things should disappear. But we're lucky, 'cause we've got 'em all to bring us yuletide cheer.

May you and your loved ones enjoy the holly-days and a Happy New Year filled with all the good things you want most in life.

HER PRAYER ANSWERED

A six-year-old discovered a doll in her stocking. But she wasn't very happy about it and informed her mother:"I prayed for ten dolls."

"I guess," said mother, "God didn't answer your prayer."

The youngster thought about this for a moment and then replied: "Oh, yes, He did answer my prayer. He said no!"

We're peeking thru' keyholes
And sneaking down halls;
Just to get the latest gossip
For all you guys and dolls.

We hear that Marion L. is excitedly making plans for the Candlelight Ball. Some girls have all the luck!....Tootsie R. never walks home from games by herself anymore. A certain junior boy is always seen in her company.....A cute Sophomore couple at the Athletic Dance was Cheater S. and Carol P. It seems to us that the cheerleaders and basketball players are co-operating.....Sidney W. has many admirers from out-of-state; here's a list of the towns: Syracuse , New York; Sydney, New York; and Clifton, New Jersey. But we won't include a list of the girls, we want you to guess Sid.

The Senior High gals and guys aren't the only ones in clouds these days. Have you noticed some of our Junior High kids? For instance, Teddy W. and Helen Costello or Chick T. and Beverly W..... Knock! Knock! Whose there? Someone to see Diane Wallace. Do you know who we mean, Diane? If you don't, its J.S..... Trudy D. had a strange liking gor uniforms, especially Marine uniforms..... We always see Rosalie D., Carol L., and Margie F. going for walks. Is fresh air and exercise the reason for the walks???

We all had fun at Teen Town, mostly on Halloween and Sadie Hawkins Day, when there was music by the Jubileers. Among the other interesting attractions were the freeze dance, the multiplications dance, and watching the 7th and 8th grade kids doing their versions of the new jitterbug steps. Teen Town will resume on December 28th.....Mary Staron likes to watch basketball games, and one particular basketball player.....One Two, Three. That's the number for me. The last is the best. Mary Ann Rusnak confessed. And we know why.....

We hear that Maryanne Newfrock has a secret admirer who calls her up very frequently. Let us in on the big secret. Rosie S. who works in Jenny's enjovs her job serving pizza. Is it the work or the scenery.....Arlene J. seems to like the name of Steve especially if he's from Thompson.....Hey! You, Freshman, where are you keeping yourselves these days, we never see you around. Come out of your hiding places and enjoy the fun.... We hear that Helen Caviston has her eyes (both of them) on a certain Sophomore basketball player named Cheater..... In gym, why does Arlene S. always pick number 15? Is it the number or the person who wore the suit last year?.....

We're very gossipy
But we like to predict;
Here's some items
We'd like to submit.

We predict that:

Joann T. and Tommy F. will be one of the couples at the prom.

Francey Lesniewski will drive that new Buick before long.

The Tarris twins will find twin gid friends to suit their fancies.

The Jubileers, Fell's contribution to the musical world, will become just as famous as Bill Haley.

Margie N. will keep receiving those letters from Alaska.

Mike Garbera, the noisest boy in 7th grade, will settle down in his senior year.

Edward Marcavage will get "Nuthin" for Christmas because "He ain't Been Nuthin But Bad."

Mr. Burns will give all his Steno students 100 on their repott cards as Christmas presents.

And so we bring an end to the Gossip and the Predictions of Gossip. We have written this with no intention of hurting anyone's feelings. It was all said in fun and all in school spirit.

MR. TARRIS: What were the Phoenicians noted for?
ABO: Blinds.

Mamma Skunk was worried because she could never keep track of her two children. They were named In and Out. When ever IN was in, OUT was out. When OUT was in, IN was out.

One day she called OUT in and told him to go out and bring IN in. So OUT went out and in no time at all he brought IN in.

"Wonderful," said [illegible] "in all that great forest could you find him in so short a time?"

"It was easy," said OUT. "I met me."

MUDY: What did the tablecloth say to the table?
KUDY: Don't move. I've got you covered.

We would like to congratulate the new members of the team, and also the new cheerleaders:
Regina Sladicka, Evelyn Rupp, Joanne Tokarczyk and Carol Powell.

Coach Washeleski is beginning his 9th season at the helm. He has won 5 league pennants in 8 years and has participated in PIAA playoffs 6 times. Last year's squad considered the best he has produced was eliminated Fountain Hill in the Eastern Finals at Allentown, after winning 22 consecutive games.

This year's squad averages 6 feet in height, with Harry Kutch being the tallest at 6'5", Mike Wallace at 6'3", Abo Yelovich at 6'1", and Bill Sofko at 6'. The team will sport new red and white jerseys.

RULE CHANGES

The PIAA announced the following rule changes:

1. No individual player may freeze the ball for 5 seconds without making an attempt to shoot.
2. The 1 and 1 foul rule will hold throughout the game unless a player is fouled intentionally. He is then awarded 2 free throws.
3. The referee may inspect players' equipment before the game.

The Northern Basketball League opens Jan. 3 with Fell at Benton, the league's newest member making it a 10-team league. Benton is coached by Tom Notchick, former Fell cager.

The schedule for FELL games this season is as follows:

Jan. 3	FELL	At	Benton
Jan. 5	FELL	At	Mayfield

Did you know that:

Trudy Dovin just received her driver's license a few weeks ago.

A group of Seniors including Mike, Gene, Jim, Bill and Andy are included in a new hat fad.

J. Borosky has become quite a lady's man lately.

P. Ritzenak's heart is in Connecticut.

A. Jubinski always sits by the telephone waiting for a certain caller.

M. Bedrin writes to a certain Hal.

M. Loyack enjoys Teen Town.

J. Ednock has the mailman quite busy. She sure gets enough letters.

J.W. is getting a Christmas present in the form of an Air Force man.

S.M. is always making trips to Elk Lake.

S.K. has quite a few female admirers.

PREDICATIONS

J. Bednarczyk will become the star attraction on the Dodge Program.

J. Sladicka will someday manage a movie theater.

In the near future J. Wilk will become a second Steve Wilson.

That someday all Seniors of the class of 1956 will make their dreams come true.

JUNIOR NEWS HUB

Why is Vicky Penska always coming to school late? Better tell him to bring you home earlier.

J. Koropchick has a way with the girls! How about letting us all in on your secret?

Ronnie Muta really enjoys the Carbondale Teen Town. Is it because of a certain Rosie?????

Believe it or not! Bob Burdo says that a house jumped into his way and dented his car as he backed out of a Forest City backstreet.

Where can you find better pals than Lil Pintar and Ann Marie Ziemba?

***

On behalf of the Junior Class, we would like to take the time to extend our best wishes to Thomas Slick, who, in the near future will enter the army. Sorry to see you go, Tom!

Sophomores

We would like to congratulate our sophmore basketball players: Robert Rupp, Jack Danchak, Edmund Stungis, Bill Payne, Chester Stungis, Gene Willchock, Leonard Boguski, and John Sladicka. We wish you a lot of luck in the future,

We would also like to congratulare Carol Powell, our new cheerleader.

Dear Santa,

We've been good girls and boys all year long,
We've obeyed our teachers and done nothing wrong.
So now our gift list we'll unfold,
We hope your reindeer can carry the load!
Please bring patience to our teachers
Make them love us sophomore creatures.
Next fill the library with comic books,
Let the Home Ec Class turn out some good cooks.
Open a snack-bar in study hall,
And a record player in shop please install.
And oh, an indoor swimming pool in the gym
Also for the girls a reducing course on
"How to Stay Slim."
Oh, and that's not all---I'm not through,
'Cause look Santa, what's ahead of you.
What Arline S. would really like,
Is a basketball player named Mike.
And in W. Roskoski's sock,
Please!!!---one alarm clock.
A warehouse for Cary's clothes
She could use one as everyone knows.
Next black denim trousers and motorcycle boots for
Chuck Willchock who'd appreciate nothing more.
Not an interview with MGM for our boy, Chester S.
Don't forget, Santa, he'll accept nothing less.
For Dorothy Danko and Ann Marie P.---two bikes
To shorten their frequent Carbondale hikes.
Stilts would suit Jackie D. just fine,
Why, he'd like them about 6'9".
A cruise to the Caribbean Lorraine would enjoy,
There she'd be sure to find a certain sailor boy.
Please!!! Move B. Payne's home down to Fell,
'Cause when his hitch-hiking thumb will fail, we can't tell.
Let Al C. know he makes someone's heart flip-flop
Also let him know she's Mary Ann Drop.
Bring a whole load of broken radios to Melvin B.
Let him prove what a good mechanic he can be.
One bottle of liniment---don't forget,
'Cause E. Curyk's aching feet sure fret.
A pair of oars Mooney Rupp could use,
No, not for fishin'---we mean for his shoes.
Something Mary Ann H. would really adore,
Is a pillow for skating cause that's an awful hard floor.
Oh, and to our team please bring fame,
Let us be victorious in every game.
And to out sophomore group please open your heart,
Bring some brains, make us smart.
That just about completes the list,
Please include anyone we missed.
We all love you, Santa dear,
THANK YOU---MERRY CHRISTMAS AND HAPPY NEW YEAR!

The Girls of Room 21

We are the girls of Room 21;
We are happy and full of fun.
We'll give our names row by row,
All of us I'm sure you'll know.
First comes Mary, the head of the class.
Next comes Peggy, who's sure to pass,
Up steps Janet, who's easy to please,
A popular girl is Louise.
Rosalie loves to sing and dance.
Lorraine you'll like; just at a glance
Late never wears a frown,
Carol will never turn you down,
Rose Marie is full of fun.
Margie is liked by everyone.
Dorothy always does things right,
Delores is a girl who's always polite
Last comes Kayrene, a friendly lass,
We are proud of our Freshman class.
In this school our years slip by,
In the greatest of schools,

Do We Still Crucify?

Oh, gentle people of Christian Faith,
You, who cannot tolerate
The common cruelty,
Which deals with humans so brutally,
Yourselves are not entirely free
From causing pain to humanity.
Consider how many years its been
Since you desired to crucify Him.
Yet still today, as in days gone by,
You act so proud and do deny
Your unkind actions are the same
As crucifying Christ again!
Stop! think! and you'll realize
What you're doing isn't wise.
For every time we critize,
The sword digs sharper in His side!
And every time we tell a lie,
A part of Him is sure to die!
Or ever time we hurt someone
By careless word, or lack of one,
The Thorns around His Head are bound
Tighter than all chains so worn
By all those subject to Human scorn!
Only to loosened when He gains
The love of one who hated Satin!
Then you will never want "to don
The unkind robe of Human Scorn."
Now will you wish the death of Him
Who helps us all to live again.
For you will finally know in heart
Even though you do your part,
It will only be in vain
If you crucify Him, again and again!

"Forgive them Father for they know not what they do." These inspiring words were uttered by a man who suffered the agony of a crucifixion. He died and was buried, the third day he arose from the dead to proclaim to the world that He was God.

How far distant are we in comparison to this man? He possessed everything—humbleness, chastity, greatness, supremacy, charity, and all the other attributes of divinity!

We are a people of vanity only concerned most of the time with the material prospects of life, not the spiritual. How much we love to accumulate power and wealth, and how little we accumulate good deeds.

So in acquiring an education, let us include this spiritual lesson so we may be obedient, gentle, kind, and courteous as well as intellectual. In this Easter season let us replace our vanity and pride with courage and strength. Yes, for all these a man must possess, to truly face up to life, his creator and himself.

POETRY

SPRING TOUCH

It started on a March day
   And lasted till the end of May.
Buds were opening on all the trees
   While pollen was swept by the morning breeze.
The meadows were humming with the
   sound of bees
And squirrels were scampering through
   the trees.
All alone in the clear blue sky,
   Birds were soaring swift and high.
There in the fields just below,
   Silently standing were a herd of doe.
No man can ever create this sight,
   But with spring's help, Nature might

FIRST FLOWER

After the snow had melted,
   And the leaves are off it's bed
The little crow shows it's head.
   And Nature has just a while ago
Frozen its leaves and roots in snow.

THE EASTER BUNNY

On Easter Day at early dawn,
   Just before the rooster's crowing
A little white rabbit was slowly going,
   Scattering eggs on every lawn.
In this little basket the eggs lay
   Cushioned on fresh smelling hay.
There were eggs of every hue--
   Eggs of red, gold, and blue.
After he had finished with his task
   He hopped out of sight over the grass.

EASTER EGGS

It was said that after the storm
   And in the sunlight of early morn,
A hen had left his nest
   And dew was set upon its crest,
As the sun rays were beating down,
   They showed a brilliance all over
      town,
Two little children were near this
   way
And took the eggs away.
   They put them in an Easter Basket,
And had them on this Easter Day.

The Legend of the Dogwood

At the time of the Crucifixion the dogwood attained the size of the oak and other forest trees. So Strong and firm was the wood that it was chosen as the timber for the Cross.

To be used for such cruel purpose greatly distressed the tree, and Jesus, nailed upon it, sensed this. In His gentle pity for all sorrow, He said to it: "Because of your regret and pity for My suffering, I make you this promise: Never again shall the dogwood tree grow large enough to be used for a cross. Henceforth it shall be slender and shall be bent in the form of a cross."

"And in the center of the outer edge of each petal there will be a nail's print. And in the center of the flower, brown with rust and stained with blood, will be a crown of thorns, so that all who see it will remember it was upon a dogwood tree that I was crucified. And this tree shall not be mutilated nor destroyed, but cherished and protected as a reminder of My agony and death upon the Cross."

So reads the Easter Legend of the Dogwood Tree.

Gossip

Bev H. Seems to have some interest in a certain L. C. from Carbondale. They're seen together frequently in the Red Top they make a cute couple, doesn't everyone think so???

I have reason to believe that Louise B. has her eye on Pojo F. Am I right, Louise????

Having a special interest in Diane Wallace is none other than Jake R. I guess you gave up on Vera, huh, Jake???

The school romance between Beans L. and Helen C. is still going strong. Is it never going to end!!!

Another love affair, this one between a Fellster and a Forester, seems to be going on forever. Right Rosalie????

Attention Butch Obzud!!!!! From a recent poll taken in our school, we have elected you "scorekeeper of the year." Congratulations!!! By the way----when are you going to pass out the cigars??

Seen together in the Red Top nowadays are Joan H. and Paul, her new discovery. Don't tell me-------another Forester.

A freshman by the name of Gerri F. thinks that a junior from Carbondale is quite cute. Don't Fret, Gerri, maybe Joe Sweeney thinks your cute, too?

Ruth Cosklo's main interest is still in Butch from Ben Franklin. Why don't you bring him sometimes to the Red Top? Don't worry Ruth, we won't steal him!!

A cute junior, Andy V. is certainly making a hit with the girls. Among them is Patsy Repella. Her eyes open wide when his name is mentioned. Could this lead to something????

When Pat McHale's name is mentioned, Lorraine WHITELAVICH is anxious to know what's being said. I guess he's still your heart-throb, eh, Lorraine???

Barbara Gallick thinks that one of her classmates is just grand. Of course I mean SHMAY S.

Mary Ann Rusnak has had a crush on Walt R. for quite some time. Come on, Walt, give her a break already!!

Eddy U. has a great interest in a cute sophomore. Don't worry Eddy I won't tell anybody that it's Mickey Waurin.

Judy R. again has both eyes on a certain junior. It's Mockers, Judy, isn't it?

A favorite word of George Kulick's is " wow." Could this be meant for Carol Powell most of thetime??????

A new interest in Carol Califut's life is Barry S. Tell us some more about him, Carol. Don't keep him all to yourself.

Two freshmen who haven't been in the new lately are Claudia H. and Patricia Y. Come on kids, let us know what's going on!

Elaine Y. still wishes she lived in Jermyn. The reason????? Bobby of course!

Why does Frankie S. give the Powell girls a ride to school???? Is his interest in Gerri or Carol?? Make up your mind, Frank!

Excuse me but aren't you one of the Senior boys?

No--it's just that I couldn't find my belt this morning, I didn't have any razor blades, and a car just splashed me.

Danny, "Why are you eating with your knife?"

Joe, "My fork leaks."

"Melvin, Melvin!"

"What, Ma?"

"Are you spitting in the fish bowl?"

"No, Ma, but I'm getting pretty close."

Mrs. Washeleski: "Lorraine, don't you have an alarm clock?"

Lorraine: "Yes, but it went off while I was asleep."

Hobs: He was kicked out for cheating.

Slats: How come?

Hobs: They caught him counting his ribs in a Health exam.

Tilt: Don't let your mind wander.

Squirrely: Why not?

Tilt: It's too weak to be out alone.

Unidentified Teacher: There's a young man in the room making a fool of himself. When he's finished I'll start.

Little girl: But I'm not hungary, honest, Mommy, I just got finished eating the raisins off the fly paper.

Mike: Why do you sing in the shower?

Steve: The door doesn't have a lock.

How do you get rid of these awful cooties?

That's easy. Take a bath in sand and rub down in alcohol. The cooties get drunk and kill each other throwing rocks.

Mother: Sonny, don't use such bad words.

Son: Shakespeare used them.

Mother: Well, don't play with him, find yourself some new friends!

Marion: I like mathematics when it isn't over my head.

Dorothy: That's just the way I feel about pigeons.

Two mosquitos were resting on Robinson Crusoe's arm. I'm leaving, said one, I'll meet you on Friday.

Mr. Tarris: If I laid two eggs here and three over there, how many would there be all together?

Billy: Ten to one says you can't do it.

Jack: Do you think I'm stuck up?

Cary: No, why?

Jack: People as good looking as I am usually are.

So, your brother is a painter, eh?

Yep.

Paints houses, I presume?

Nope, paints men and women.

Oh, I see. He's an artist.

Nope, just paints women on one door and men on the other.

They went for a ride and all she did was shake her head. After 63 miles she told him her nose was caught in the windshield wiper.

One of the airlines made it a practice to give its passengers sticks of gum labelled: To prevent unpleasant pressure during take-offs and landings.

On one trip, an elderly woman plaintively appealed to the stewardess:

"Help me get this stuff out of my ears. It hasn't done me a bit of good."

Old Lady: Are you a little boy or a little girl?

Child: Sure. What the heck else could I be?

You look broken up. What's the matter?

I wrote home for money for a study lamp.

So what?

They sent the lamp.

Deaths

WILLIAM TINKLEPAUGH

William A. Tinklepaugh, 86, Thompson RD 1, died Saturday, Feb. 28, 1981, at home after an illness. His wife is the former Rowena Thorn.

Born in Ararat Township, son of the late James and Louise Hochrine Tinklepaugh, he attended Ararat United Methodist Church. Mr. Tinklepaugh was a member of Gibson Grange and Freedom Lodge F&AM, Thompson. An Army veteran of World War I, he was a self-employed farmer prior to retirement.

Surviving, in addition to his wife, are three sons, Howard, Friendsville Stage, Binghamton, N.Y.; Tunis, Susquehanna; and Clifford, at home; two sisters, Mrs. Frances Deitrick, Thompson; and Miss Nancy Tinklepaugh, Hop Bottom; four grandchildren; six great grandchildren; several nieces and nephews.

The funeral will be Tuesday at 2 p.m. from the Robert W. Jones Funeral Home, Inc., 430 Main Street, Forest City. The Rev. Steven Cook, pastor of Ararat United Methodist Church, will officiate. Interment, Ararat Cemetery. Friends may call at the funeral home Monday from 7 to 9 p.m.

AUTOMOBILE AND TRAVEL ACCIDENT CERTIFICATE

Principal Sum $1,000.00

Weekly Indemnity $20.00

MARYLAND CASUALTY COMPANY
BALTIMORE
A STOCK COMPANY
(Herein called the Company)

THIS IS TO CERTIFY that MARYLAND CASUALTY COMPANY has insured, under Blanket Policy No. SG-444 issued to

254

LACKAWANNA MOTOR CLUB

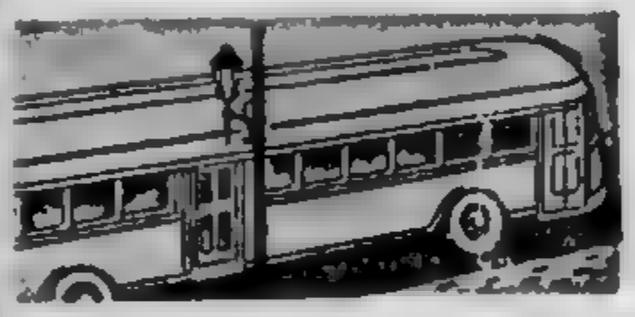

(herein called the Club)

the person whose name and address appear in the Schedule of Certificate Information on page 4 of this certificate (herein called the Insured). The insurance provided by the policy shall apply to the insured, beginning on the effective date shown in the Schedule of Certificate Information, from 12:00 noon standard time at the place where the insured resides, and shall continue for the period that the insured remains a member in good standing of the Club unless the policy is sooner cancelled by the Club or the Company.

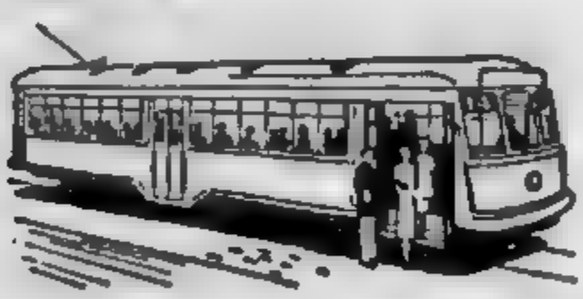

The policy provides indemnity to each person who holds a membership certificate issued by the Club and to whom a certificate of insurance has been issued by the Club in accordance with the terms of the policy, against loss resulting directly and independently of all other causes from accidental bodily injuries sustained during the period stated in the certificate of insurance in the following manner (herein called "such injuries"):

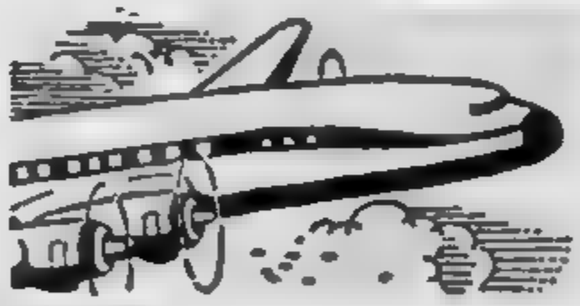

Private and Public Automobiles	(A) While driving or riding in or upon, or by the explosion or burning of an automobile (including trucks, taxicabs, busses); or
Trains and Streetcars	(B) While riding as a passenger in any steam railroad passenger car (including such cars drawn by electric, gasoline or diesel locomotives), electric interurban, elevated, subway or street railway passenger car; or
Aircraft	(C) While riding as a fare-paying passenger in an aircraft operated by a passenger airline on a regularly scheduled passenger trip over its established route; or
Pedestrian	(D) By being struck or run over by an automobile.
Steamship	(E) While riding as a fare-paying passenger in or on a passenger vessel or steamship operated by a common carrier for passenger service.

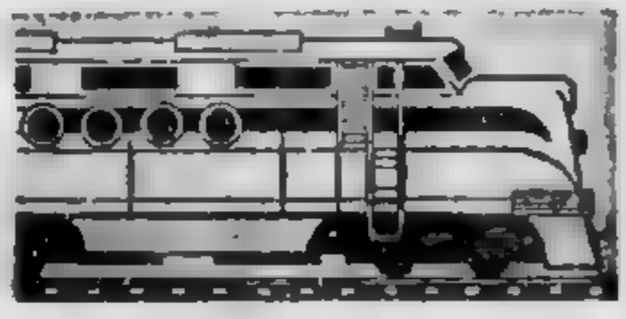

To the extent, and subject to the terms and provisions hereinafter stated.

A. & E. 4193—Ed. 8-56 PRINTED IN U.S.A.

The indemnity provided by the policy is as follows:

255

[redacted]

If such injuries shall, within ninety days from the date of accident, result directly and independently of all other causes in one of the losses enumerated in this Part, the Company will pay the amount set opposite such loss; but only one of the amounts so specified (the largest applicable) will be paid on account of one accident.

For loss of

Life	The Principal Sum
Both Hands	The Principal Sum
Both Feet	The Principal Sum
Sight of Both Eyes	The Principal Sum
One Hand and One Foot	The Principal Sum
One Hand	One-half The Principal Sum
One Foot	One-half The Principal Sum
Sight of One Eye	One-half The Principal Sum

Loss shall mean with regard to hands and feet, dismemberment by severance through or above the wrist or ankle joints; with regard to eyes, entire and irrecoverable loss of sight.

Upon the occurrence of any of the losses enumerated in this Part A, all insurance provided by the policy, except as respects such loss, shall immediately cease in respect of the insured suffering such loss.

ACCUMULATIONS. For each consecutive year that a certificate of insurance shall continue in force after the first year, 10% shall be added to the principal sum until 70% has been so added. If a certificate, without any lapse in the insurance, replaces a like policy or certificate issued to the insured by the Company, the accumulations shall be determined from the initial date of the insured's coverage in the Company, but in no case shall the total amount of accumulations be in excess of 70%.

[redacted]

If such injuries shall not result in any of the losses named in Part A, but directly and independently of all other causes, shall, within twenty days from date of accident, continuously and totally disable the insured from performing every duty pertaining to his or her usual business or occupation and shall require medical or surgical attention, the Company will pay weekly indemnity at the rate hereinbefore specified for the period of such continuous total disability not exceeding 15 consecutive weeks.

[redacted]

If such injuries, directly and independently of all other causes, shall confine the insured to a hospital, the Company will pay the insured, on account of any one accident, the actual expense of such hospital service as follows:

(1) for hospital room, an amount not exceeding $8.00 per day for a period not exceeding twenty-one days;
(2) for use of operating room, an amount not exceeding $10.00;
(3) for anaesthetic administration, an amount not exceeding $10.00.

256

EXCEPTIONS

The insurance provided by the policy does not cover: (1) carbon monoxide poisoning; (2) injuries, fatal or non-fatal, sustained directly or indirectly (a) through firearms, (b) use of intoxicants, (c) while testing on track, racing, or in speed contests, (d) while cranking, repairing, adjusting, or overhauling any automobile, or (e) while loading or unloading a truck; (3) suicide or attempt thereat (sane or insane).

TERMINATION OF COVERAGE

1. Termination of an insured's membership in the Club shall, without further action on the part of the Club or the Company, terminate the insurance provided under the policy in respect of that insured.

2. The policy may be cancelled by either the Club or the Company at any time by giving sixty (60) days written notice by mail. Such cancellation shall take effect on the date specified in said notice.

3. In the event of the cancellation of the policy the Company will continue in force any certificate of insurance issued under the terms of the policy prior to the effective date of such cancellation and in force on that date, for the balance of the insured's year of membership unexpired at the time of said cancellation.

The insurance evidenced by the certificate is subject to the following provisions of the policy:

PROVISIONS

No agent has the authority to change the policy or to waive any of its provisions. No change in the policy shall be valid unless approved by an executive officer of the Company and such approval be endorsed hereon.

Written proof of loss must be furnished to the Company in case of claim for loss of time from disability within ninety days after the termination of the period for which the Company is liable, and in the case of claim for any other loss, within ninety days after the date of such loss. Failure to furnish such proof within such time shall not invalidate or reduce any claim if it shall be shown not to have been reasonably possible to furnish such proof, and that such proof was furnished as soon as was reasonably possible.

The Company shall have the right and opportunity to examine the person of the insured when and so often as it may reasonably require during the pendency of claim hereunder, and also the right and opportunity to make an autopsy in case of death where it is not forbidden by law.

All indemnities provided in the policy for loss other than that of time on account of disability will be paid immediately after receipt of due proof. Upon request of the insured and subject to due proof of loss all accrued indemnity for loss of time on account of disability will be paid at the expiration of each thirty (30) days during the continuance of the period for which the Company is liable, and any balance remaining unpaid at the termination of such period will be paid immediately upon receipt of due proof.

Indemnity for loss of life of the insured is payable to the beneficiary named in the certificate of insurance issued to the insured, if surviving the insured, and otherwise to the estate of the insured. All other indemnities of the policy are payable to the insured.

Consent of the beneficiary shall not be requisite to any surrender or assignment under the policy, or to change of beneficiary, or to any other changes in the policy.

257

No action at law or in equity shall be brought to recover on the policy prior to the expiration of sixty days after proof of loss has been filed in accordance with the requirements of the policy, nor shall such action be brought at all unless brought within two years from the expiration of the time within which proof of loss is required by the policy.

No change of beneficiary shall be binding upon the Company unless and until written notice thereof is filed with the Company at its Home Office.

If any time limitation of the policy with respect to giving of notice, furnishing proofs or bringing an action at law or in equity, is less than that permitted by the law of the state in which the insured resides at the time the policy is issued, such limitation is hereby extended to agree with the minimum period permitted by such law.

Only one certificate of insurance of the Company issued to a member of the Club shall be valid.

MARYLAND CASUALTY COMPANY

J. T. Harper

Chairman of the Board and President

This certificate is a continuous form and will remain in force so long as your membership in the Club is maintained and the policy is continued.

KEEP IT IN A SAFE PLACE

Renewal will not be issued each year but is automatic upon payment of annual dues.

Notice of Amendment Increasing the Amount of Accumulations Permitted under Blanket Accident Policy No. SG-444 Issued by Maryland Casualty Company to Lackawanna Motor Club of Scranton, Pennsylvania—and now standing in the Name of AAA Motor Club of Northeastern Pennsylvania—the Club Resulting from the Merger of Lackawanna Motor Club and Pocono Mountains Motor Club of Stroudsburg, Pennsylvania.

Effective as to each Automobile and Travel Accident Certificate outstanding and in force on October 31, 1960, (hereinafter referred to as the Control Date), under said Blanket Accident Policy, if and as the person named in said Certificate as the Insured effects renewal in the AAA Motor Club of Northeastern Pennsylvania of his Lackawanna Motor Club membership upon the first renewal date applicable thereto subsequent to the Control Date, the said certificate is revised in accordance with the Amendment which has been made in respect of said Blanket Accident Policy as follows:

The maximum accumulation which may be added under provision captioned—Accumulations—is increased from 70% over a period of 7 years to 100% over a period of 10 years.

The number of consecutive years accrued under any such Certificate up to the date of any such renewal shall be counted toward the new maximum accumulation.

Subject in all other respects to the terms, conditions, exceptions and provisions of the said Blanket Accident Policy as set forth in the said Automobile and Travel Accident Certificate.

This notice forms a part of the said Automobile and Travel Accident Certificate and is to be attached thereto.

Editorial

A WORD TO THE WISE

Perhaps this article won't seem much like Christmas to you, but after reading it, you will begin to think very deeply about the wonderful Christmas present you can give to yourself.

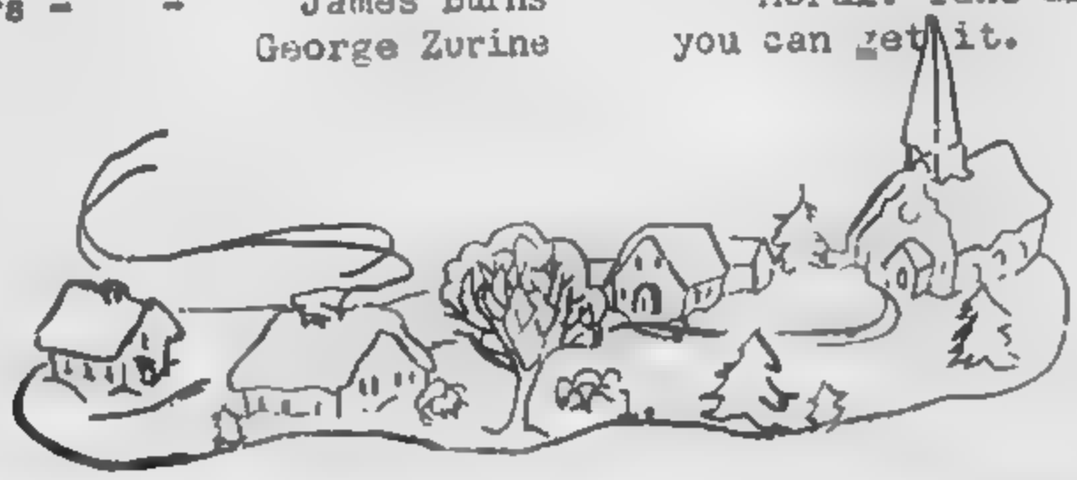

The story is about three horsemen who were riding across the desert at night. As they came to a dry river bed, a mysterious voice called, "H . !" They were told to get down, pick up some pebbles and put them in their pockets, and then climb back into the saddle. All this they did, whereupon the voice said, "You have don as commanded. Tomorrow at sunup yo will be both glad and sorry." Puzzle they rode on, but with the dawn th y took out the pebbles for a look. iraculously, every one of them had urned into a precious gem: a diamo d, ruby, emerald, or pearl, and then ey remembered the warning, "You'l be both glad and sorry." For they were h y, they had taken some. Sorry, th t they hadn't taken more.

And that to me is the story of education.

Later when you get out in the world, you will find yourself in a situation like these horsemen. Glad you had completed high school, even if you hadn't worked hard when you were there; and sorry, that you hadn't taken more. If we students only realized how important our education is to us, what a wonderful Christmas present it would be to ourselves.

Moral: Take all you can get while you can get it.

Donald Powell

THE FIRST CHRISTMAS

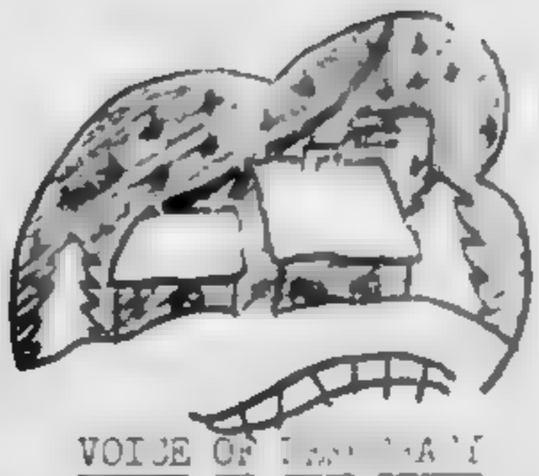

LUKE 2: 1-14

At that time there went out a decree from Ceasar Augustus, that the whole world should be enrolled. This enrolling was first made by Cyrinus, the governor of Syria. And all went to be enrolled, every one into his own city. And Joseph also went up from Galilee out of the city of Nazareth, into Judea to the city of David, which is called Bethlehem: because he was of the house and family of David, to be enrolled with Mary his espoused wife, who was with child.

And it came to pass, that when they were there, her days were accomplished that she should be delivered. And she brought forth her first-born Son and wrapped Him up in swaddling clothes, and laid Him in a manger: because there was no room for them in the inn.

And there were in the same country shepherds watching and keeping the night-watches over their flock. And behold an angel of the Lord stood by them and the brightness of God shone round about them, and they feared with great fear. And the angel said to them: Fear not; for behold I bring you good tidings of great joy, that shall be to all the people; for this day is born to you a Saviour, who is Christ the Lord, in the city of David. And this shall be a sign unto you: you shall find the infant wrapped in swaddling clothes, and laid in a manger.

And suddenly, there was with the angel a multitude of the heavenly army, praising God, and saying: Glory to God in the highest, and on earth peace to men of good will.

VOICE OF [illegible]

On November 20, 196[illegible], the Voice of Democracy contest was held in the gymnasium. Charlotte Amor[illegible]ello's speech was chosen as best by the panel of judges. The other finalists were: Eileen Petrilak, Robert [illegible]ll, Joseph Hoiditch, and Edward Dovin.

P.S.S.C. PHYSICS

Students in the acedemic course, as well as anyone in our school, should be proud of our science department. This year the physics course was completely revised and the new course, P.S.S.C. physics, is being taught. This course is in line with the many new advancements being made in the sciences.

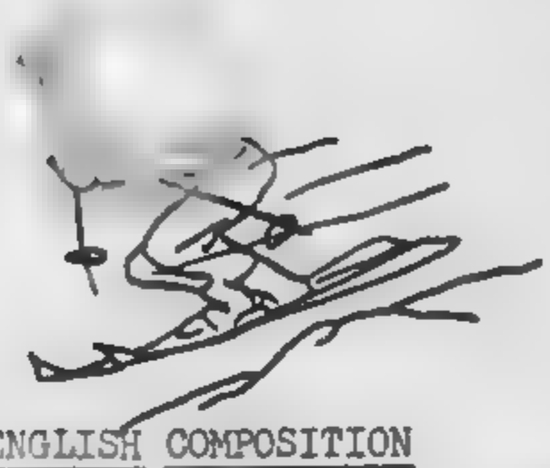

MATHEMATICS CONTEST

The annual mathematics contest sponsored by the Actuarial Society of America will be given in our school on March 9. This year, as last year, there will be a number of Juniors and Seniors participating in the nation-wide contest. A medal will be given to the highest ranking contestant.

CALIFORNIA BATTERY TEST

Because of the ever increasing demand for more standardized tests, our school has given the California Battery Test to the entire Junior and Senior classes. This test will compare the juniors and seniors with the other juniors and seniors throughout the state as well as the nation.

ENGLISH COMPOSITION

Spurred on by the ever increasing demand for better oral and written expression, our school has started a special composition class. The class is under the direction of Mrs. Washeleski. This class is strictly voluntary, no one is required to attend and no credit or grades are given. It meets from 8 to 8:35 each Monday, Wednesday, and Friday. All interested pupils are urged to attend.

REVISION IN MATHEMATICS

Several changes have been made in the mathematics curriculm. Algebra I will now be taught in the eighth grade, Algebra II in the ninth grade, Plane Geometry in the tenth grade, and Solid Geometry and Trigonometry in the 11th grade. The senior course in mathematics includes elements of the calculus, mathematical analysis, and analytical geometry. Of course, these changes are still in the transitional stages and will not be in smooth working order for several years.

PHYSICS CONTEST

The Central Pennsylvania section, American Association of Physics teachers will give its first annual competitive test in physics on February 11, 1961. Several of our students plan to enter this contest and compete for scholarships at various universities. Further information may be obtained from Mr. Tarris.

Threat of Communism

Fell High was especially lucky to have a distinguished man speak to us on Friday afternoon, December 9. Mr. Gaydosh, a prominent business man and civic leader, gave an excellent talk on the ever growing threat of Communism. He also brought with him a movie of the student riots in San Francisco over the abolishment of the House Un-American Activities Committee.

Scholastic Aptitude

This year, as every year, the College Entrance Board examines those students who are college bound. The Scholastic Aptitude Test is devised to give the colleges a general idea of what the student will be capable of doing in college. This test was given at Marywood on Saturday morning, December 3. Six of our students had taken the test. The remainder of the college bound students will take their test in January or March.

The writing sample examination was also given on Saturday, December 3. This test is a written essay on an unsigned topic. It gives the colleges a general idea of the student's ability to write a good composition. It is not required by some colleges, but most colleges require it as a prerequisite for admission.

Betty Crocker

On December 6, 1960, the senior girls, the future homemakers of America, were given the Betty Crocker test, emphasizing the basic principals of cooking and homemaking.

Scholarship Test

The University of Scranto will give a test in January to those students interested in attending the university. Since the test is opened to anyone who wishes to take it, it would be advisable to take this test to determine how much you really know and to compare you with the other students through the county and the state.

P.S.A.T. Test

The Preliminary Scholastic Aptitude Test was given several weeks ago to all juniors and seniors who are going to college. This test is similar to the college board tests given in December, January, and March. It gives you an idea of how you will do in college and how you rank among the other students throughout the country. Last week these scores came back from the Princeton testing bureau and we now know how we rank among the other students throughout the nation.

G O S S I P

Why is it Jerry Slick can be seen looking for a ride to Forest City every night? The secret is out Jerry--we all know its Lorraine.

Bernie Vanisky and Freddie Berish must have a special interest in St. Rose visiting McCawley's so often. Who is it, guys?

Cheryl Kutch finds an attraction to Teen Town quite often. Could it be Mitch she's after?

Franci Terpak has an interest in the Freshman Class. We won't tell anyone Franci but his initials are J.T.

Red hair is one characteristic that Barbara Roskoski likes. It wouldn't be because of Joe Brennen, would it???

A real cute couple still seen around the school is Carole and Joe. We do hope it lasts.

What is the concern of Pete Petorak and Basil Mosher for the sophomore class? Could it be Laura? Let us in on it kins.

Helen Lupyak seems to be in a daze. Can it be because of the attraction in the Junior Class?

Matti Pintar can always be seen at the lunch counter at noon. Take your pick Matti--you can't have them both!

It came our way that some of the Freshman girls can't keep their mind on their studies. Amelia Washeleski always has her mind on Richie--Joyce Davis CONCENTRATES on Joe Clause. Kay Davis day dreams of Dave Chapman and Evelyn Swinarski finds herself seeking Jerry Slick in the study halls.

How come Patsy Repella dosen't have time for extra curricular activities this year? It is because Dennis is taking up all her spare time, isn't it?

Wanda Propeack seems to enjoy going to Carbondale. Can she by any chance, looking for Donny C.? He'll pop up sometime, Wanda.

We see the initial "B" on Kitty De Brocco's clothes quite often. It stands for Billy Galavitz------right Kitty?

Judy Prawdzik enjoys going to Teen Town on Monday Nights. Is it Richie or Jerry--let us in on your secret.

Ann Marie Scalese seems to enjoy going to Forest City Teen Town with Carol Dovin. Can Cricket and Jackie be the reason? Just a small warning Ann Marie---there may be complications from Carbondale.

Patti Franks feels the heat of her heart rise when she hears the name of Billy Harris. Your secret is out Patti.

Claudia H. and Elaine Y. have certain interests as away from Fell of course, we all know that Jimmy and Donny have a lot to do with it. Right???

Clara Roskosky---why don't you make up your mind about which one you want. Is it Rock, Billy F. Jimmy or Bobby B.? Don't play hard to get and give someone a chance.

It seems that Billy Butwill is up in a daze now. It's still Joann S., huh, Bill?

Gerri Powell when are you going to make up your mind and settle down to one boyfriend?

Laura L. and Karen O. are seen quite frequently in the Carbondale area. We know it isn't the walk so it must be Charlie and Bobby Brown, right girls.

We all know that Pattie Zurine and Joe Pecko are still hitting it off pretty [illegible]. Lets hope it lasts kins.

[illegible]nie Roskoski seems to be attracted to the St. Rose girls. Diane must be the reason for it, right Bernie?

THE LIBRARY

The books in our library, or in any library, are there for the enjoyment and the information of everyone. To get the full benefit of the books, all the pages must be in good condition.

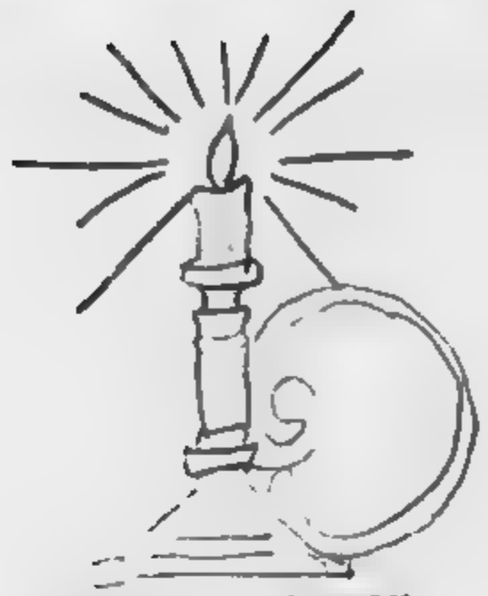

Some very good reference books in our library have been defaced. When a book is defaced, it deprives someone of information that may be necessary for their studies. Students don't realize when they are defacing a book that something is being taken from someone else.

Please use the utmost care when you are using the books in the library so that when someone else goes to use that particular book, all the pages will be in perfect condition. If everyone is careful in the library, we will all be able to secure the information we desire rapidly and without any trouble.

NUMBER OF VOLUMES

The library in the old high school contained 2,248 volumes, compared to the 2,059 volumes that we have as of June 10, 1960. We would be very grateful to any one who wishes to donate books to our library.

USING THE LIBRARY

You can learn many things for yourself if you can use the library tools properly. The most useful tool is the alphabetically arranged card catalog, which lists every book the library owns just as an index lists the contents of a book. Each book is usually represented in the catalog by at least three cards: one for the book's title, one for the name of the author, and one for the subject with which the book deals.

On each card you will see a number, which helps you to find the book. In a big library you may have to copy the number with the book's author and title on a slip of paper and wait for a few minutes while the librarian sends someone to find the book for you. If you need to ask the librarian to explain anything about the library they will be glad to answer your questions.

A library is one of the most important steps in acquiring a good education. We can obtain a great deal of information by making a frequent visit to the library and remember the type of book you read has an important influence on your personality.

Seniors

On October 18, 1960, the senior class met in Room 8 and the following officers and reporters were chosen, as well as the senior class flower, motto, and colors. Carl Dragwa presided:

Zyp Yusavage plans to study commercial art at the Pittsburgh Art Institute after serving Uncle Sam for four years?

Joseph Sladicka plans to study liberal arts at the University of Scranton?

WHY?

Can't Joni Hopey come to play practice until 8 O'clock?

Does Carole P. enjoy Tuesday and Thursday mornings so much?

Do Dot K. and Joann Somple enjoy our basketball games so much?

Do Diane W., Donny P., Carl D., Bobby P., John C., Joe H., Joe S., and Joe N. always come to P.D. class so late?

Did Matty P. drop steno?

Is Pat Y. always late for school?

Does Jake R. always patrol the halls from 2:38 to 3:18?

Do Carol W. and Kathy S. cheer so loudly for our basketball players?

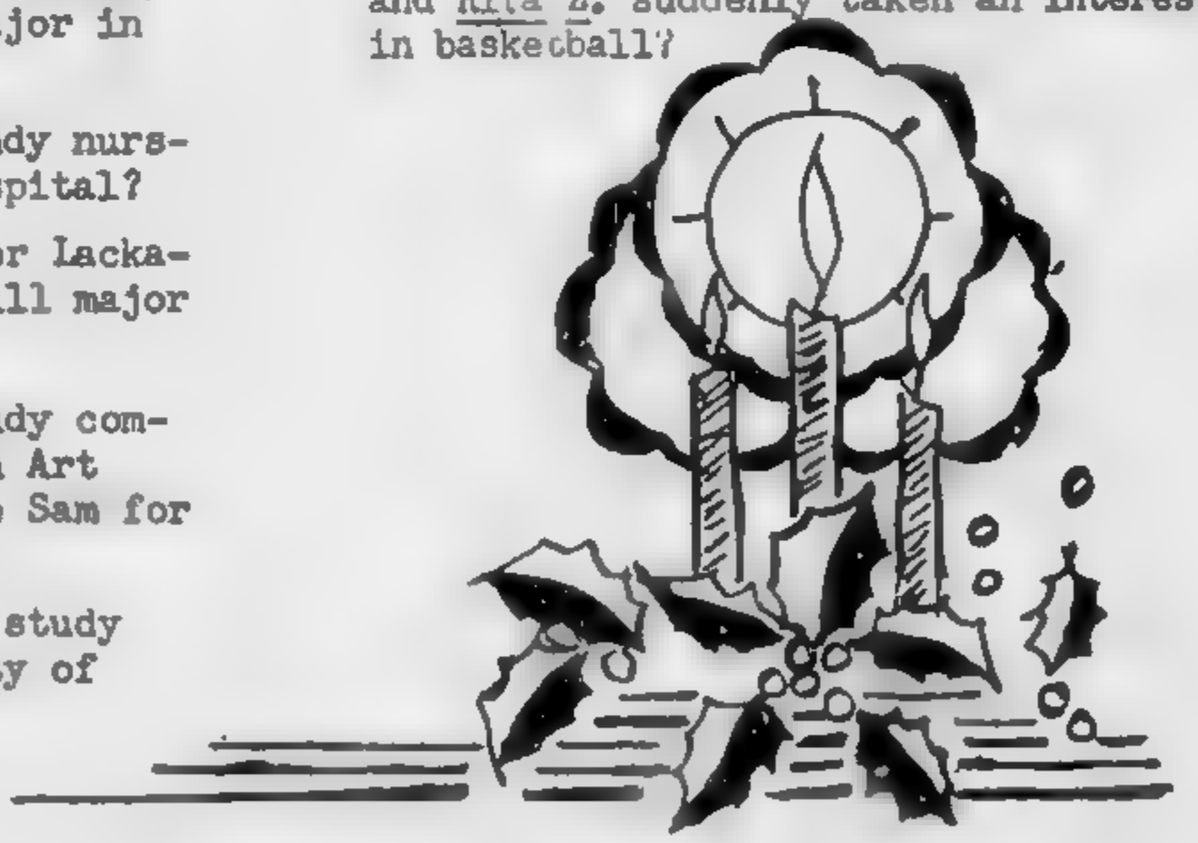

Do Elaine Y. and Claudia H. have a special interest in Jermyn?

Has Tony Y. suddenly taken an interest in the opposite sex?

Do Martha M. and Barb E. enjoy their work in the cafeteria so much?

Are John D., Don H., Andy P., and Dennis S. so afraid of the opposite sex?

Have Ann Marie B., Ann Marie Banko, and Rita Z. suddenly taken an interest in basketball?

JUNIOR GOSSIP

What's this I hear? Donnie V. likes Gerri Wilk. You two would make a cute couple.

Barbara Roskosky seems to look to the future without happiness. We know it's because Uncle Sam will be taking Joe B. away.

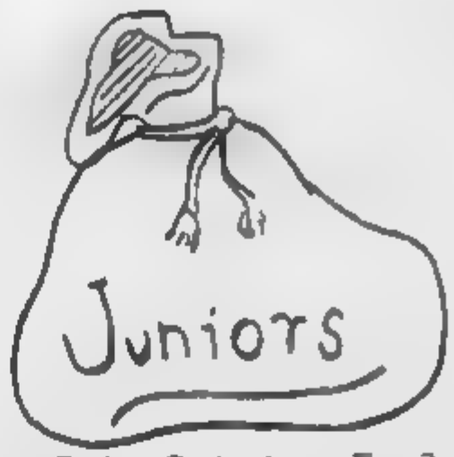

Susan L. seems to like someone but I can't seem to find out who. Don't be so secretive, Sue.

Richie S. always talks about a certain girl from camp. Who is she, Richie?

Eddie Dovin, I don't see you around much. Could it be because P.M. has caught your eyes?

Marianne V., your hand must sure get tired writing those letters. Who's so interesting in the Air Force?

Pete Getzie, I always see you riding in a car but no girls come along. Do you hold a grudge against girls?

QUESTION & ANSWER BOX

Q. Who is the classmate that seems to have caught Eugene Zaverl's eye?
A. It must be Eileen Petrilak.

Q. Who is Patti Wallace's main interest?
A. No one definite.

Q. What is the name of the guy Cindy Gordon likes from Carbondale?
A. Looks like Ozark is still on top, right Cindy?

Q. Does Bernie Roskoski still like a certain Diane from Carbondale?
A. Suppose you tell us, Bernie.

Q. Why does Jimmy Plevyak like study hall so much?
A. It must be those eighth grade girls, right Jim?

Q. I wonder why Patti Zurine, Nicki Kost, and Billy Butwell like the senior class so much?
A. It must be Joe P., Betty L., and Joann S.

Q. Could it be that Pattie Repella likes a certain Donnie?
A. Must be, she is always talking about him.

Q. Why does Raymond Sofko go up to Forest City so often?
A. R.B. seems to be the main reason.

GOSSIP

Bobby Jurble: Why do we always see you down at the bowling alley in Carbondale on Sunday? Are you trying to make a strike with a certain Lois T?

Frances Sladicka: How about letting us in on some of your extra curricular activities. We know some eight and ninth grade girls who are interested.

We heard that three of our sophomore girls had a private tour through Isgers Dairy. Did you have fun girls and did you like the guide?

Our only sophomore girl going steady is Carol Philback. Glad to see you are still in a daze over Jimmy B.

How about a little information on Mike Bernarsky. He can't spend all his free time playing basketball, can he?

We guess Karen Obzud will be spending most of her time around the house with Laura L., Clara R., and Bernadine P., at least as soon as her brother opens his basement for business. Good luck girls.

A warning to Sophomores,
Don't get caught napping
If you don't want it published,
Don't let it happen.

Laura Levin and Karen resolve to get the news for the Easter Fellow in before June 1.

NEW YEAR'S RESOLUTIONS

New Year's is coming soon and with it also comes a will to do better. Resolutions are made by many and followed through by few.

Shirley Berish resolves to stop being quiet around boys. They don't bite -----we should know.

Jerry Decknick resolves to meet a certain eighth grade girl more often whenever he walks by her house.

Mike Bernarsky resolves to have fun, fun, in Biology, if and when we disect frogs.

Clara Roskoski resolves not to make any mistakes in typing---well, maybe not so many mistakes.

John Sopko, Bobby Jurble, and Fran Sladicka resolve not to talk in English Class anymore-----Not much anyway.

Richie Dragwa resolves not to take after all his brothers.

Bernadine P. and Carol Philback resolve to always answer Mr. Werwinski's questions promptly.

John Petak resolves not to have his seat changed in English Class anymore.

Mike Zrowka and John Davis resolve to actually enjoy history.

Sandra Prawdzik resolves to enjoy herself more in art.

Joe Fendrock resolves to keep after a certain Donna from Carbondale.

To market, to market, to buy a fat pig,
Home again, home again, giggety pig!
If I had a pig, then ma would see.
How dirty he'd get, and not worry me!

Ol King Cole was a happy ol guy
He was always laughing; he'd never cry.
With a pipe, an a bowl, and some soapy water
He had lots of fun just like he oughta.
An ate so much he was fat in the middle.
